and designation of appropriation or fund chargeable. Also, the departments and establishments may have a brief additional notation printed in the box on the bill of lading form headed "Important", provided that the need therefor is apparent and prior written approval of the Comptroller General of the United States is obtained.

The present supply of bills of lading, temporary receipts, certificates in lieu of lost bill of lading, and extra (continuation) sheets therefor on hand in the departments and establishments and at the Government Printing Office will be used until exhausted, provided that no department or establishment shall continue the use of the old forms after December 31, 1943.

§ 8.2 Use of bill of lading forms. The set of bill of lading forms will consist, in the exact order named, of the original bill of lading, Standard Form No. 1103, containing the description of the articles comprising the shipment, evidence of delivery, and the terms and conditions of the contract of transportation; the shipping order, Standard Form No. 1104 (for the initial carrier); the freight waybill— original, Standard Form No. 1105 (for the initial carrier); the freight waybillcarrier's copy, Standard Form No. 1106
(for the initial carrier); and the memorandum copy (or copies), Standard Form No. 11020, the heart of the carrier of No. 1103a (to be retained for administrative purposes). Careful attention should be given to all instructions and details in arrangement, especially to the new boxed section headed "For use of destination carrier only", which must not be covered by writing or marks since it is for the sole use of the accounting officer of the destination carrier to insert therein the proper class, rates, and charges. Special attention is directed to the new paragraph in the Administrative Directions on the reverse of the original bill of lading which provides that in those departments and establishments which ship property the nature of which makes it subject to land-) grant rates, and where such rates may be applicable over all or part of the route, the words "Military" or "Nonmili-tary" should be placed on the original bill of lading and all copies thereof in a conspicuous manner immediately preceding the first item in the column headed "Description of articles". If the same bill of lading covers both "Military" and "Nonmilitary" items, appropriate groupings should be used, each conspicuously identified.

When the bill of lading forms have been prepared, the issuing officer must, in every case, sign the "Certificate of Issuing Officer" regardless of whether the bill of lading is to be used by a contractor as shipper. Carbon impression signatures on the shipping order and the other forms are acceptable. When the bill of lading is to be used by a contractor as shipper, it is particularly important that the issuing officer fill in above his signature the contract or purchase order number, the date thereof, and the f. o. b. point named in such contract or purchase order. Unless such data appear in bills of lading, the carriers may reuse to accept the shipment from a con-

tractor as shipper. The statement of pich-up service must be initialed by the person having accurate knowledge of the facts and in most instances it will not be the person signing the bill of lading as issuing officer. Upon delivery of the property to the carrier for shipment, the original bill of lading should be receipted by the agent of the initial carrier and immediately forwarded by the shipper (issuing officer or contractor) to the consignee, in order that it will be in his possession upon arrival of the property at destination where it will be promptly receipted and surrendered by him to the last carrier for billing. In event of property being transported by air, it is essential that the original bill of lading for such shipments be dispatched by air mail immediately. With respect to air shipments between the United States proper and its territories and possessions, as well as international air shipments, and on such shipments only, the shipper may surrender to the air transportation carrier, or its agent, the original of the U.S. Government Bill of Lading, Standard Form No. 1103, to accompany such shipments, provided that before releasing such original bill of lading the shipper sends a memorandum copy thereof to the consignee and obtains from the carrier or its agent, the following autographically signed indorsement on the first (retained) memorandum copy of the bill of lading:

I certify that the original of the U.S. Government Bill of Lading, of which this is a memorandum copy, has been delivered to me to accompany the shipment of the property described hereon which has been accepted for transportation by air.

Agent

Every precaution should be taken to guard against the shipment of Government property on a commercial bill of lading, since payment to the carrier of the transportation charges will not be made by the Government on such bill of lading alone. If, however, Government property unavoidably moves on a commercial bill of lading, the consignee must obtain from the proper Government official who authorized such shipment a Government bill of lading form (Standard Form No. 1103) signed by the said official as issuing officer and attach thereto the commercial bill of lading on which the shipment moved. Both the Government bill of lading form and the commercial bill of lading so attached should be indorsed by notations to refer to each other and the consignee's certificate of delivery should be properly executed on the Government bill of lading; however, the signature of the agent of the initial carrier will not be required as such will appear on the commercial bill of lading.

The shipping order, Standard Form No. 1104, the freight waybill—original, Standard Form No. 1105, and the freight waybill—carrier's copy, Standard Form No. 1106, will be surrendered to the agent of the initial carrier at the time the shipment is accepted and the bill of lading is receipted by its agent. Upon receiving the shipping order, the agent of the

initial carrier should verify that the statement thereon with respect to pick-up service at origin, which must be accomplished on all bills of lading, is in accordance with the facts and agrees with the same statement on the original bill of lading.

§ 8.3 Use of consignce's temporary receipt. The use by the consignee of the Temporary Receipt in Lieu of U.S. Government Bill of Lading, Standard Form No. 1107, should be restricted to instances where the receipt of the original bill of lading is delayed and where immediate delivery of the shipment is imperative. Under no circumstances will transportation charges be paid on a temporary receipt; hence, in order that prompt payment may be made to the carrier, the person responsible for issuing the temporary receipt(s) should maintain a record of the temporary receipts issued and promptly replace such temporary re-ceipts with the original bill of lading or the certificate in lieu of lost bill of lading.

§ 8.4 Use of certificate in lieu of lost bill of lading. In the event that the original bill of lading can not be found after diligent effort has been made to locate same, and it is evident that it has been lost or destroyed, the Certificate in Lieu of Lost U.S. Government Bill of Leding, Standard Form No. 1103, and memorandum therefor, Standard Form No. 1103a, are provided for use by authorized Government employees as a basis for settlement of the charges for transportation of the property shipped on the original lost bill of lading. Upon receipt of information by the Office which issued the said original bill of lading that same has been lost, and after further diligent search therefor has been made by the said office, the Certificate in Lieu of Lost U.S. Government Bill of Lading will be promptly issued and forwarded to the consignce. In accomplishing the Certificate in Lieu of Lost U. S. Government Bill of Lading, if the issuing officer of the lost bill of lading on which the property was shipped and the consignor are the same, the issuing officer need sign the certificate only once, as consignor. If, however, the lost bill of lading had been issued for the use of a contractor or any other percon, the issuing officer shall sign the Certificate of Issuing Officer and forward the form to the contractor or other percon for accomplishment of the Certificate of Consignor with instructions that it be sent to the consignee without delay. If a temporary receipt with issued by the consignee for delivery of the property shipped, he should indorse such fact on the Certificate in Lieu of Lost U.S. Government Bill of Lading, and when the certificate is received by the carrier for accomplishment of its certificate and waiver, reference to such certificate in lieu of lost bill of lading should be made on the temporary receipt and the certificate and receipt securely attached together for billing. It is to be understood that if the original bill of lading is located either by the consigner or carrier before settlement is made on the certificate, said original bill of lading will be substituted therefor and the certificate will be immediately marked with the notation "Canceled-original bill of lading located and delivered to the destination carrier" and returned to the office which originally issued the certificate in lieu of lost bill of lading. If the original bill of lading is located after settlement is made, it will be forwarded, with appropriate advice, to the administrative office concerned, there to be properly voided and inceribed with the name of the disbursing officer and his voucher number (or the General Accounting Office certificate of cettlement number) and the date on which the Certificate in Lieu of Lost U.S. Government Eill of Lading, issued in its stead, was paid, and then transmitted to the General Accounting Office.

§ 3.5 Use of continuation sheets. The forms of continuation sheets herein prescribed will be used as follow sheets for the original bill of lading and its corresponding copies, the Temporary Receipt in Lieu of U. S. Government Bill of Lading, and the Certificate in Lieu of Lost U. S. Government Bill of Lading, to carry forward the itemization of the property shipped.

§ 6.6 Department or establishment identification symbols. The bill of lading forms will be serially numbered when printed, and such numerals will be immediately preceded by symbol letters, approved in advance by the Comptroller General, for the purpose of aiding in identifying the department or establishment using same. The letter symbols for bills of lading heretofore approved by this office and now in use will be continued. All parties concerned should include the symbol letter or letters in referring to the sarial numbers.

PART 9-TRANSPORTATION VOUCHERS

April 13, 1943.

General Regulations No. 75, issued June 26, 1931, prescribing the standard forms and the procedure for the billing of transportation charges, is hereby modified to eliminate that part, only, pertaining to the billing of freight and express charges.

Ecc.

9.1 Standard forms and numbers.

9.2 Use by carriers in billing transportation charges.

AUTHORITY: \$5 9.1 and 9.2 issued under com. 369, 311 (f), 42 Stat. 25; 31 U.S.C. 49, 52 (f).

§ 9.1 Standard forms and numbers. The following new standard forms of public voucher for transportation charges are prescribed and published for general use throughout the Government service in lieu of all other forms of like character now being used to accomplish the purpose of the standard forms herein prescribed:

New standard form No.	• Title	Old standard form No.
1113 1113a	Public Voucher for Transporta- tion Charges (original) Public Voucher for Transporta- tion Charges (memorandum)	1063 1068a

The original voucher for transportation charges, Standard Form No. 1113, should be printed on white paper and be 8½ by 11 inches in size with the addition of a perforated coupon, 8½ by 3 inches, at the bottom of the form, to be used in transmitting checks in payment of the voucher. The memorandum of the voucher, Standard Form No. 1113a, should be printed on yellow paper in the same size as the original without the perforated coupon.

In view of the furnishing of the U.S. Government Freight Waybill-Original, Standard Form No. 1105, and U.S. Government Freight Waybill - Carrier's Copy, Standard Form No. 1106, for use by the carriers, it is agreed that the carriers will bear the cost of the transportation voucher forms, Standard Form No. 1113 and Standard Form 1113a, with the understanding that the carriers may either purchase the said forms from the Superintendent of Documents, Government Printing Office, Washington, D. C., or may print the forms themselves or have them printed by any association of carriers. It is understood, however, that in reproducing the said voucher forms outside the Government Printing Office, the exact size, wording, and arrangement as approved by the Comptroller General of the United States must be adhered to and while no minimum as to the grade of paper will be set, this office will rely upon the carriers to provide a paper stock of reasonable grade and reserves the right to impose such requirement. Accordingly, the Public Printer has been requested to furnish for the stock of the Superintendent of Documents a supply of the transportation voucher forms herein prescribed, and the carriers will be advised as to the cost thereof so that check or money order may accompany their requisition. Inquiries with respect to the cost of the said voucher forms should be addressed to the Superintendent of Documents, Government Printing Office, Washington, D. C.

§ 9.2 Use by carriers in billing transportation charges. The public voucher herein prescribed will be used by carriers as the standard form on which to bill their charges against all branches of the U. S. Government service for transportation furnished in accordance with official orders therefor, whether for services performed over land-grant or nonlandgrant lines; but bills involving land-grant deductions must not be included on the same voucher with those involving no land-grant deductions. Furthermore, the carriers should note particularly the last paragraph of the Instructions on the reverse of the bill of lading, Standard Form No. 1103, which provides for the new procedure of furnishing with the bills of lading, where land-grant deductions are involved, the basis or formula of arriving at the net amount claimed unless this information has been previously furnished.

The arrangement of the revised voucher form requires only the listing of the symbol and serial number and amount of each subvoucher (bill of lading, etc.), and does not provide for descriptive details of the service rendered. Carriers are requested to make a special effort where the charges are to be billed to the same office, to include as many subvouchers as possible on each voucher form, since such practice will materially reduce the number of forms used, Government checks issued, and expedite the payment and audit of transportation charges.

In the interest of economy the carrier will furnish to the department or establishment billed only one memorandum copy, Standard Form No. 1113a, with each voucher form unless specifically authorized in advance by the General Accounting Office to furnish extra copies.

It should be noted further that the transportation voucher, Standard Form No. 1113, may not be used to bill any department or establishment which has not begun the use of the revised bill of lading form, Standard Form No. 1103, since the old bill of lading provided no section for showing the details of the charges. Therefore, the Government Printing Office will carry in stock and furnish to the carriers, as heretofore, the old forms of public vouchers for the transportation of freight and express until such time as all departments and establishments have started to use the revised bill of lading form.

PART 802—SUGAR DETERMINATIONS

REVISION OF 1942 FLORIDA SUGARCANE PRICES

Determination of fair and reasonable prices for the 1942 crop of Florida sugarcane for sugar, pursuant to the Sugar Act of 1937, as amended (revised).

Pursuant to section 301 (d) of the Sugar Act of 1937, as amended, and Executive Order No. 9322, issued March 26, 1943 (8 F.R. 3807), as amended by Executive Order No. 9334, issued April 19, 1943 (8 F.R. 5423), the following determination is hereby issued:

§ 802.22j Fair and reasonable prices for the 1942 crop of Florida sugarcane for sugar. Fair and reasonable prices for the 1942 crop of Florida sugarcane shall be not less for sugarcane of like quality in terms of commercially recoverable sugar than those provided for in Sugar Determination Number 147, issued October 8, 1942, for mills defining standard sugarcane as sugarcane containing 11½ per centum to 12½ per centum of sucrose in the hormal juice, equivalent in terms of commercially re-

coverable sugar to 10.354 per centum to 11,432 per centum of sucrose in the crusher juice. The price basis for sugar shall be determined in accordance with whichever of the following options may be agreed upon: (1) the average price per pound of 96° raw sugar, duty-paid at New York less .17 cent (plus transportation tax on such amount payable under section 620 of the Revenue Act of 1942) per pound to adjust for the appropriate freight differential for the week in which such sugarcane is delivered, or (2) the average price per pound of 96° raw sugar, duty-paid at New York less .17 cent (plus transportation tax on such amount payable under section 620 of the Revenue Act of 1942) per pound to adjust for the appropriate freight differential for the period beginning October 15, 1942 and ending May 31, 1943, except that, if such prices do not give full effect to orders or regulations of the Federal Government pertaining to the establishment of a price for 96° raw sugar, duty-paid basis at New York, the Chief of the Sugar Branch may substitute such prices as will give effect to any such orders or regulations, and except, further, that if through any orders or regulations of the Federal Government the existing relationship between the price of 96° raw sugar, duty-paid basis, between New York City and Savannah, Georgia, should be changed, the price at Savannah, Georgia, except for the differential existing on October 15, 1942, shall be governing. Provided, however, That on each ton of Florida sugarcane there shall be paid a molasses bonus equal to 2.75 times the amount, if any, by which the average net liquidation from disposal of blackstrap or final molasses exceeds 6.75 cents per gallon, f. o. b. sugar-house tanks at Clewiston, Florida during the 12 months ended May 31, 1943 and, Provided further, That the established customs and practices with respect to methods of sucrose analysis, deductions for frozen sugarcane based upon decreased boiling house efficiency, fiber content determinations and deductions, definitions of delivery points, delivery schedules, and similar terms, as employed in connection with the purchase of the 1941 crop shall be employed in connection with the purchase of the 1942 crop, and the processor shall not, through any subterfuge or device whatsoever reduce the returns to the producer below those contemplated by this determination, but nothing in this sub-paragraph shall be construed as prohibiting modifications of practices which may be made necessary by unusual circumstances, any such modifications to be subject to review by the War Food Administrator, or his authorized agent, in the event of changes alleged to be unfair to either the producer or the processor.

This determination supersedes the determination entitled "Determination of Fair and Reasonable Prices for the 1942 Crop of Florida Sugarcane for Sugar, Pursuant to The Sugar Act of 1937, as Amended".

(Sec. 301, 50 Stat. 909; 7 U.S.C. 1940 ed. 1131; 8 F.R. 3807; 8 F.R. 5423)

TITLE SO-MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1533]

PART 335-MIRHUM PRICE SCHEDULE. DISTRICT No. 15

MEMORANDUM OPINION AND ORDER

Memorandum opinion and order in the matter of the petition of District Board No. 15 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 15.

On September 14, 1942, 7 F.R. 7519, an order was issued in this docket granting additional temporary relief and conditionally providing for additional final relief which amended the Schedule of Effective Minimum Prices for District No. 15 for All Shipments Except Truck in accordance with a schedule marked Supplement R annexed thereto. The changes in minimum prices effected by said schedule were made to conform to freight rate changes based upon an increase effective March 18, 1942, in railway rates, fares and charges authorized by order of the Interstate Commerce Commission in Ex Parte No. 148 titled "Increased Railway Rates, Fares, and Charges, 1942." On April 12, 1943, the Interstate Commerce Commission issued a suspension order in said docket, súspending from and after May 15, 1943, until January 1, 1944, the increases in railway rates, fares and charges previously authorized in said docket. cordingly, I find that it is necessary that the order previously issued in this docket should be adjusted to conform to the rates which will become effective May 15, 1943, by virtue of the suspension order of the Interstate Commerce Commission, issued April 12, 1943. It is further necessary, and I so find, that such an adjustment should be made in order to effectuate the purposes of sections 4 II (a) and (b) of the Act and to comply in all respects with the standards thereof.

Now, therefore, it is ordered, That effective thirty (30) days from the date hereof, subject to further order, § 335.7 (General prices; domestic, commercial and industrial coal schedule) is amended by adding thereto Supplement R, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the aforesaid order and applications to stay, terminate or modify said order may be filed with the Division within twenty-five (25) days from the date hereof, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: May 13, 1943.

[Docket No. A-1459, Part II]

PART 337-MINIMUM PRICE SCHEDULE, DISTRICT NO. 17

MEMORANDUM OPINION AND ORDER

Memorandum opinion and order of the director in the matter of the petition of District Board No. 17 for establishment and revision of price classifications and minimum prices for the I H I No. 2 Mine and the North Canyon Mine.

This proceeding was instituted upon a petition 1 filed with the Bituminous Coal Division by District Board 17 on May 19, 1942, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition herein requests the establishment of effective minimum prices for truck shipment for the I H I No. 2 Mine (Mine Index No. 513) of Bill Haas, and a revision of the effective minimum prices for truck shipment for the North Canyon Mine (Mine Index No. 266), of Willis E. Davis, located in Subdistrict 18 of District 17, Garfield County, Colorado. On June 25, 1941, an order was issued granting temporary relief to the I H I No. 2 Mine pending final disposition of this proceeding.3

Pursuant to appropriate orders, and after due notice to interested persons, a hearing in this matter was held on August 11, 1942, before Charles O. Fowler, a duly designated examiner of the Division, at a hearing room thereof in Denver, Colorado. Interested persons were afforded an opportunity to be present,

the North Canyon Mine for which prices had been heretofore established.

adduce evidence, cross-examine witnesses, and otherwise be heard. Petitioner appeared, and at the conclusion of the hearing waived the preparation and filing of a report by the examiner. The matter was thereupon submitted to me for consideration.

The I. H. I. No. 24 Mine, the North Canyon Mine and the Zieseniss Mine (Mine Index No. 420) of Henry Zieseniss are three small truck mines located in close proximity of each other in Subdistrict 18, in Garfield County, about 51/2 miles from the town of Rifle, Colorado. The Zieseniss Mine and tipple are located adjacent to the county road, whereas the I H I No. 2 and the North Canyon Mines are located directly opposite each other, a distance of approximately 2½ miles of narrow mountain road from the county highway, on which their loading tipples are located.

F. O. Sandstrom, Secretary of District Board 17, and the only witness at the hearing, testified that lower minimum prices had been proposed and established for the North Canyon Mine than for the Zieseniss Mine in order to make allowance for the transportation disadvantages caused by the location of this mine, but that the district board had not then been informed that the tipple of the North Canyon Mine was located on the county road. The district board understood that no coal was sold at the mine and that the code member would assume the actual cost of transportation from the mine to the tipple as required by Price Instruction 14 of the price schedule. According to the witness, investigation made by the district board disclosed that the coals produced by the North Canyon and I H I No. 2 Mines and by the Zieseniss Mine were comparable in sizes, quality, use value, marketability and consumer acceptance, and that these mines were in direct competition with each other.4 Accordingly, it was proposed to advance the prices of the North Canyon Mine so as to equal those of the Zieseniss Mine, to establish similar prices for the I H I No. 2 Mine, and to make these prices applicable as of the tipples of the North Canyon and IHINO. 2 Mines. He testified further

The Petition in Docket A-1459 requested establishment of price classifications and minimum prices not heretofore established for the coals of certain mines in District 17 for all shipments, and establishment or revision of effective minimum prices for truck shipment of the coals of the I H I No. 2 Mine and the North Canyon Mine, respectively. By order of the Director, dated June 25, 1942, that part of Docket A-1459 relating to these latter mines was severed and scheduled for hearing.

² According to the Schedule of Effective Minimum Prices for District No. 17 for Truck Shipment, the North Canyon Mine is presently operated by Bryan Nichols.

Temporary relief was not granted as to

The original I H I Mine, for which the tipple was constructed in 1936, has been abandoned; the tipple for the I H I No. 2 Mine was constructed in August 1941.

⁶ Prices for the North Canyon Mine were

established as follows:

Sizegroup 2 3 4 5 9 10 13 17
Price ____ 440 425 425 400 375 225 140 300
The foregoing is confirmed by the statement of Thomas Allen, State Coal Mine Inspector, which was introduced into evidence, with respect to the location of and the coals produced by these three mines.

The prices proposed for these mines are as follows:

Sizegroup 2 3 4 5 9 10 13 17 Price ____ 490 475 475 450 425 275 185 325 Since the petition herein was filed prior to the general increase in prices directed in

that no code member in District 17 had made objection to the proposed price revision and classification and that all three of the code members operating the mines in question, upon inquiry from the district board, had indicated their approval of such proposal.⁵

The record clearly establishes that the coals produced by the North Canyon and I H I No. 2 Mines are comparable and competitive with similarly sized coals produced by the Zieseniss Mine in size, characteristics, and marketability and have similar consumer acceptance and market value.

In view of the uncontroverted evidence, I am of the opinion and find that the coals produced by the North Canyon and I H I No. 2 Mines should be related to the comparable and competitive coals produced by the Zieseniss Mine and classified on a similar minimum price basis in order that their true market value may be reflected as nearly as possible and the existing fair competitive opportunities among the three producers of these coals may be preserved as nearly as may be. I find, therefore, that the minimum prices of the North Canyon Mine should equal the presently effective minimum prices of the Zieseniss Mine, that similar prices should be established for the I H I No. 2 Mine, and that such prices should apply f. o. b. transportation facilities of the North Canyon and I H I No. 2 Mines at their tipples located about 21/2 miles distant from the mines and adjacent to the county road.º I find further that such price revision and classification comply with the standards set forth in section 4 II (a) and (b) of the Act and are required to effectuate the purposes thereof.

It is, therefore, ordered, That effective as of the date hereof § 337.4 (Code number price index) and § 337.21 (General prices in cents per net ton for shipment into all market areas) are amended to include minimum prices f. o. b. transportation facilities of the North Canyon Mine (Mine Index No. 266), operated by Bryan Nichols, and the I H I No. 2 Mine

General Docket No. 21, effective as of October 1, 1942, the petition shall be deemed amended to include the general 15-cent increase provided for District 17 and the relief herein granted shall reflect such increase in accordance therewith.

in accordance therewith.

*This approval was made by a series of letters received by the district board from these code members between April 22, 1942 and July 5, 1942, which were introduced into evidence.

⁹Temporary relief was granted the I H I No. 2 Mine on the basis of prices f. o. b. its tipple adjacent to the county road. In clarification of the price schedule for truck shipment, it should be noted that minimum prices f. o. b. the mine, including the increase directed in General Docket No. 21, for the North Canyon and I H I No. 2 Mines are herein established as:

Sizegroup 2 3 4 5 9 10 13 17 Price ____ 505 490 490 465 440 290 200 340 (Mine Index No. 513), operated by Bill Haas, at their tipples located about 2½ miles distant from the mines and adjacent to the county road, as set forth in Supplement R and Supplement T, which

cupplements are hereinafter set forth and hereby made a part hereof.

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 23 for the establishment of price classifications and minimum prices for the coals of the Dependable Coal Co. Mine.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with

this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Dependable Coal Co. Mine, Mine Index No. 179, of the Dependable Coal Co. (Adolph Angeline) in Subdistrict "B" in District No. 23; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the aboveentitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 343.4 (Code member price index) is amended by adding thereto Supplement R, and § 343.21 (General prices) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five

(45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

The original petition in this matter does not request the establishment of price classifications and minimum prices for coals in Size Groups 16 and 23, and for washed coals in Size Group 24, produced from the Dependable Coal Co. Mine, for shipment by rail and for shipment by truck. However, price classifications and minimum prices were established by the order entered in Docket No. A-1936 on April 28, 1943, for comparable coals, in those size groups, produced from other mines located in Subdistrict "B" in District No. 23. Accordingly, for the purpose of uniformity price classifications and minimum prices are established herein for the coals produced from the Dependable Coal Co. Mine, in Size Groups 16 and 23, and for washed coals in Size Group 24, for shipment by rail and for shipment by truck.

PART 329-MINIMULI PRICE SCHEDULE, DISTRICT No. 9

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 9 for an additional shipping point for coals produced from Mine Index No. 724.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of Cornick, Kentucky, on the L. & N. Railroad as an additional shipping point for the coals produced at the Black Bat Mine, Mine Index No. 724, of the Pond River Coal Co. O. J. Ruckman); and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner

hereinafter set forth; and

No petitions of intervention having been filed with the Division in the aboveentitled matter; and

The following action being deemed necessary in order to effectuate the pur-

poses of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, in § 329.5 (Alphabetical list of code members), Cornick, Kentucky, on the L. & N. Railroad is established as an additional rail shipping point for the coals produced at the Black Bat Mine, Mine Index No. 724, of Pond River Coal Co. (D. J. Ruckman).

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

§ 944.1 Definitions. (a) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(b) "Defense order" means:

Any contract or purchase order for material or equipment to be delivered to,

or for the account of:

(i) The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Selective Service System, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, Defense Supplies Corporation, Metals Reserve Company;

(ii) The government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom, including its dominions, crown colonies and protectorates, and Yugoslavia.

(2) Any contract or purchase order placed by any agency of the United States Government for material or equipment to be delivered to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Dalense of the United States" (Lend-Lease Act).

(3) Any other contract or purchase order to which the War Production Board assigns a préference rating of A-10 or

higher.

(4) Any contract or purchase order for material or equipment required by the person placing the same to fill his contracts or purchase orders on hand, provided such material or equipment is to be physically incorporated in material or equipment to be delivered under contracts or purchase orderş included under (1), (2) or (3) above.

(c) "Material" means any commodity, equipment, accessory, part, assembly or

product of any kind.

§ 944.12. Certain defense orders rated A-10. Every defense order (as defined in this regulation) for any material which has not been specifically assigned a higher preference rating, is hereby assigned a rating of A-10.

§ 944.2 Compulsory acceptance of dejense or other rated orders. Defense orders and all other orders bearing preference ratings must be accepted and filled in preference to any other contracts or orders, subject to the following provisions:

(a) Such orders must be accepted even if acceptance will render impossible, or

result in deferment of

(1) Daliveries or performance under previously accepted orders bearing no preference ratings, or

(2) Deliveries or performance under previously accepted orders bearing lower preference ratings, unless rejection is specifically permitted by the War Production Board or is permitted under the terms of § 944.2 (b) (2).

(b) Any such order need not be accepted

(1) If delivery or performance on schedule thereunder would be impossible by reason of the requirements of previously accepted orders bearing higher or equal preference ratings, unless acceptance is specifically directed by the War Production Board;

(2) If delivery on schedule thereunder can be made only by use of material which is already completed when such order is received or which is scheduled to be completed within fifteen days thereafter, and which was specifically produced for delivery under an order bearing any rating higher than A-1-a previously accepted, unless the proffered order bears a rating of AAA or acceptance thereof is specifically directed by the War Production Board;

(3) If the person seeking to place such order is unwilling or unable to meet regularly established prices and terms of sale

or payment, but there shall be no discrimination against such orders in establishing such prices or terms;

- (4) If such order is of a kind which has not been usually accepted or performed by the person to whom such order is offered, and if such order either is not capable of being performed by such person without substantial alteration of or addition to his facilities or can readily be performed by another person by whom such an order is usually accepted and performed;
- (5) If delivery or performance on schedule thereunder would require interruption or change of a schedule of production or operations in a manner inconsistent with the provisions of § 944.7 (e) of this regulation or CMP Regulation 1.
- (c) Any person who fails or refuses to accept an order bearing a preference rating shall, upon written request of the person placing the order, promptly give his reasons in writing for such failure or refusal.
- § 944.3 Rejected orders. When a defense order or any other rated order has been rejected in violation of this regulation, the person seeking to place such order may file with the War Production Board a report setting forth the facts in connection with the rejection. When the facts set forth justify such action, the War Production Board will thereupon direct the person against whom complaint is made to submit a statement setting forth the circumstances concerning the rejection. Thereafter, such action will be taken by the War Production Board as it deems appropriate.
- § 944.4 Assignment of preference ratings. Preference ratings may be assigned to contracts, orders or deliveries by means of preference rating certificates, or by rules, regulations or orders of the War Production Board assigning ratings to particular orders or deliveries or to specified classes of orders or deliveries. Such ratings may be assigned to accepted contracts or orders, and also to orders which have not been placed or accepted at the time the rating is applied for. Specific orders may also be issued as to particular deliveries or as to the use of particular facilities, without assigning ratings thereto.
- § 944.4a Duration of preference rating orders. In the case of any order of the War Production Board which authorizes a person to apply a preference rating to deliveries of material, such rating may, in the absence of a contrary provision in the particular order, be applied to deliveries to be made after the date of expiration of the order, provided such application is made during the life of the order, and provided the purchase order calling for such delivery is not

placed further in advance of the delivery date than has been the usual business practice. In the event of revocation or upon expiration of any order of the War Production Board pursuant to which a preference rating has been applied to deliveries of material, deliveries already rated pursuant to such order shall be completed in accordance with said rating, unless the rating has been specifically revoked by the War Production Board as to such delivery. After such revocation or expiration, said rating shall not be applied by any person to whom such order directly assigned the rating, but may still be extended (notwithstanding the provisions of any order heretofore issued) by suppliers and subsuppliers of such person whose deliveries are rated by such order to the extent that they could do so if such order were still in full effect.

§ 944.5 Sequence of preference ratings.

(a) Preference ratings in order of precedence are: AAA, AA-1, AA-2, AA-2X, AA-3, AA-4, etc.; A-1-a, A-1-b, etc.; A-2, A-3, etc.; B-1, B-2, etc. The letter "X" after a numeral indicates that such rating is inferior to the rating of the same numeral and superior to the rating of the next lower numeral. (For example, AA-2X is inferior to AA-2 and superior to AA-3).

(b) All orders rated AA-2 before May 15, 1943, shall continue to be equivalent to orders rated AA-1 in accordance with this regulation as in effect prior to that date. A person to whom a rating of AA-2 has been applied or extended before then may thereafter extend the same as provided in Priorities Regulation 3, and, in doing so, may certify that the order is rated AA-1. However, with respect to all orders rated on or after May 15, 1943, a rating of AA-2 shall be inferior to AA-1 and superior to AA-2X.

- § 944.6 Doubtful cases. Whenever there is doubt as to the preference rating applicable to any order, or as to whether a particular order is a defense order, the matter is to be referred to the War Production Board for determination, with a statement of all pertinent facts,
- § 944.7 Sequence of deliveries. (a) Every delivery under a defense order or other rated order shall be made in preference to deliveries under all other contracts or orders whenever, and to the extent, necessary to meet the required delivery date (determined as provided in § 944.8). Deliveries bearing no preference rating or lower preference ratings shall be deferred to the extent necessary to assure those deliveries bearing higher preference ratings, even though such deferment may cause defaults under other contracts or orders. Each person who has defense orders or other rated orders on hand must so schedule his production and deliveries that deliveries thereunder will be made on the dates required, giving precedence, in case of unavoidable delay, to deliveries bearing the higher preference ratings.

- (b) The sequence of deliveries bearing the same preference rating shall be determined by the respective dates on which the preference ratings are applied or extended to the deliveries, the delivery to which the preference rating was first applied or extended in point of time having precedence over other deliveries. If the same preference rating is applied or extended on the same day to two or more deliveries, and it is impossible to make all deliveries on schedule, the sequence of deliveries shall be determined by the required delivery dates (determined as provided in § 944.8).
- (c) Completion of performance of a rated order for the use of facilities only shall be deemed to be delivery for the purpose of determining the sequence of the use of such facilities, and the rules stated in paragraphs (a) and (b) of this § 944.7 shall apply for the purpose of making such determination.
- (d) Notwithstanding the foregoing provisions of this § 944.7, material specifically produced for an order bearing a rating higher than A-1-a may not be diverted and delivered under a higher rated order subsequently accepted if such material is completed at the time of the acceptance of the higher rated order or is in production and scheduled for completion within fifteen days thereafter, unless such diversion is specifically directed by the War Production Board, or unless the subsequently accepted order bears a rating of AAA.
- (e) Notwithstanding the foregoing provisions of this § 944.7, no person who receives any rated order shall be required by reason of such order to immediately terminate or interrupt a schedule of production or operations in any case where such termination or interruption would result in a substantial loss of production or delay in operations: Provided, however, That in any such case termination or interruption of the schedule required by the receipt of such rated order shall not be postponed more than forty days after such receipt.
- § 944.8 Delivery and performance dates. Every rated order must bear a specil: delivery or performance date or dates which in no case may be earlier than required by the person placing the order. No rating assigned to a delivery or performance for a specified date shall be applied to obtain delivery or performance on an earlier date. The required delivery or performance date, for purposes of determining the sequence of deliveries or performance pursuant to section 944.7, shall be the date on which delivery or performance is actually required. The person with whom the order is placed may assume that the required delivery or performance date is the date specified in the order or contract unless he knows either (1) that the date

so specified was earlier than required at the time the order was placed, or (2) that delivery or performance by the date originally specified is no longer required by reason of any change of circumstances. A delay in the scheduled receipt of any other material which the person placing the order requires prior to or concurrently with the material ordered, shall be deemed a change of circumstances within the meaning of the foregoing sentence.

§ 944.9 Deferred delivery. When delivery or performance under rated orders has been unreasonably or improperly deferred, the person entitled to delivery or performance may file with the War Production Board a report setting forth the facts in connection with the deferment. When the facts set forth justify such action, the War Production Board will thereupon direct the person against whom complaint is made to submit a statement, setting forth the circumstances concerning the deferment of deliveries or performance. Thereafter, such action will be taken by the War Production Board as it deems appropriate.

§ 944.10 Allocations and limitations. When specific allocations or other directions for the delivery of materials or the use of a facility are made or issued by the War Production Board, such allocations or directions may, in its discretion, be made or issued without regard to any preference ratings which have been assigned to particular contracts or orders. Such allocations and directions shall take precedence over any preference rating assigned to particular contracts or orders unless otherwise specified. In the case of any rule, regulation or order limiting the amount of deliveries, sales, production, manufacture, processing, use, or other transactions in any material, transactions involved in the performance of defense or other rated orders shall be included in calculating the amount permitted by such limitation unless otherwise expressly provided. In case limitations imposed by two or more rules, regulations or orders are applicable to the same subject matter, the most restrictive shall apply, unless otherwise expressly provided.

§ 944.11 Material to be used for purposes for which priorities assistance granted. (a) Any person who obtains material with priorities assistance must, if possible, use or dispose of the same (or an equivalent amount thereof) for the purpose for which the assistance was given. This restriction applies to material obtained by means of a preference rating, allocation, specific direction, CMP allotment, or any other action of the War Production Board. The foregoing re-

striction does not apply to scrap normally generated in the fabrication of material, but the use and disposition of certain forms of scrap are restricted by certain other regulations and orders of the War Production Board.

(b) When a material, or a product into which it has been incorporated, can no longer be used for the purpose for which the priorities assistance was given (for example, when the priorities assistance was given to fill a particular contract or purchase order and the material or product does not meet the customer's specifications or the contract or purchase order is cancelled), its use or disposition shall be restricted as follows. If the material or product is an "industrial material" within the meaning of § 944.34 (Priorities Regulation No. 13) and if the holder does not regularly sell similar materials or products in the course of his business, he may sell or transfer it as provided in that section. In all other cases:

(1) The holder may use or dispose of the material or product to fill, in accordance with this regulation, a contract or purchase order bearing a preference rating of AA-5 or higher (or a rating as high as that with which the material was obtained, if it was obtained with a rating lower than AA-5), unless either the filling of the contract or purchase order or the fabrication of the material or product to fill that type of contract or purchase order is prohibited by an order or regulation of the War Production Board;

(2) The holder may use it to fill his own needs (such as meeting his requirements for maintenance, repair or operating supplies) if he has been authorized to obtain similar materials or products for that purpose by applying or extending a preference rating of AA-5 or higher (or a rating as high as that with which the material was obtained if he obtained it with a rating lower than AA-5), provided that use of the same for that purpose is not prohibited by an order or regulation of the War Production Board;

(3) It may be redelivered to the person from whom it was obtained, if he is willing to accept redelivery;

(4) It may be used or disposed of as scrap, unless the use or disposition is prohibited by other regulations or orders of the War Production Board; or

(5) It may be used or disposed of in any other manner specifically authorized in writing by the War Production Board. District and regional offices of the Board will advise persons making inquiry of the method of obtaining authorization.

(c) In any event, if a material or product is a controlled material or a Class A product obtained pursuant to an allotment under CMP Regulation 1, the holder may use it in accordance with paragraph (u) of that regulation.

§ 944.12 Intra-company deliveries. When any rule, regulation or order of the War Production Board prohibits or restricts deliveries of any material by any person, such prohibition or restriction shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or cection of the same or any other enterprise under common ownership or control.

§ 944.13 Effect of rule, regulation or order. When any rule, regulation or order of the War Production Board prohibits or restricts deliveries or use of any material, such prohibition or restriction shall, in the absence of a contrary direction, apply to all deliveries and use made after the effective date of the rule, regulation or order, including deliveries under contracts or purchase orders accepted either prior to or subsequent to such effective date. No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with any rule, regulation or order of the War Production Board, notwithstanding that any such rule, regulation or order shall thereafter be declared by judicial or other compatent authority to be invalid.

§ 944.14 Inventory restriction. Unless specifically authorized by the War Production Board, no person shall knowingly make delivery of any material whatever, and no person shall accept delivery thereof if the inventory of such material of the person accepting delivery, in the same or other forms, is, or will by virtue of such acceptance become, in excess of the practicable minimum working inventory reasonably necessary to meet deliveries of the products of the person accepting delivery, on the basis of his current method and rate of operation. Unless specifically authorized by the War Production Board, no person shall process, fabricate, alloy or otherwise alter the shape or form of any material if his inventory of such material in its processed, fabricated, alloyed or otherwise altered shape or form is, or will by virtue of such operation become, in excess of a practicable minimum working inventory thereof. The term "practicable minimum working inventory" is to be strictly construed. The mere fact that the rate of turnover has increased or that materials are difficult to obtain does not justify maintaining inventories above the minimum with which operations can be continued. In the calculation of the practicable minimum working inventory of any person who imports material, either directly or through an agent, deliveries of such imported material to such person may be excluded.

§ 944.15 Records. Each person participating in any transaction to which any rule, regulation or order of the

War Production Board applies shall keep and preserve for a period of not less than two years accurate and complete records of his inventories of the material or materials to which such rule, regulation or order relates and of the details of all transactions in such materials. Such records shall include the dates of all contracts or purchase orders accepted, the delivery dates specified in such contracts or purchase orders, and in any preference rating certificates accompanying them, the dates of actual deliveries thereunder, description of the material covered by such contracts or purchase orders, description of deliveries by classes, types, quantities, weights and values, the parties involved in each transaction, the preference ratings, if any, assigned to deliveries under such contracts or purchase orders, details of defense orders and all other rated orders either accepted or offered and rejected, and other pertinent information. Records kept by any person pursuant to this section shall be kept, either separately from the other records of such person and chronologically according to daily deliveries by such person, or in such form that such a separate chronological record can be promptly compiled there-

§ 944.16 Audit and inspection. All records required to be kept by this regulation or by any rule, regulation or order of the War Production Board shall, upon request, be submitted to audit and inspection by its duly authorized representatives.

§ 944.17 Reports. Each person participating in any transaction to which any rule, regulation or order of the War Production Board applies, shall execute and file with it such reports and questionnaires as it shall from time to time request, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 944.18 Violations and penalties. Any person who violates any provision of this regulation or any other rule, regulation or order of the War Production Board, or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to the War Production Board, and any person who obtains a delivery, an allocation of material or facilities, or a preference rating by means of a material and wilful, false or misleading statement, may be prohibited by the War Production Board from making or obtaining further deliveries of material or using facilities under priority or allocation control and may be deprived of further priorities assistance. The War Production Board may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. § 80), or under the Second War Powers Act (Public No. 507, 77th Congress, March 27, 1942).

§ 944.19 Relief in exceptional cases. Any person subject to any requirement of any rule, regulation or order of the War Production Board who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the War Production Board, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The War Production Board may thereupon take such action as it deems appropriate.

§ 944.20 Notification of customers. Any person who is prohibited from or restricted in, making deliveries of any material by the provisions of any rule, regulation or order of the War Production Board shall, as soon as practicable, notify each of his regular customers of the requirements of such rule, regulation or order, but the failure to give such notice shall not excuse any customer from the obligation of complying with any requirements of such rule, regulation or order applicable to such customer.

§ 944.21 Effect and scope of regulation; ratification of prior acts. This regulation shall take effect at once, and, except where inconsistent with the specific provisions of any existing or future rule, regulation, order or direction of the War Production Board shall hereafter regulate and govern all matters embraced herein, including transactions in materials not subjected to priority control otherwise than by this regula-tion. All existing rules, regulations, orders, directions and actions of the War Production Board are hereby ratified and confirmed and shall remain in full force and effect until they expire by their terms or are specifically revoked or amended.

Issued this 15th day of May 1943.

WAR PRODUCTION BOARD,

By J. JOSEPH WHELAN,

Recording Secretary.

Interpretation of § 944.14 of Priorities Regulation 1, As Amended

The question has been raised, in connection with various seasonal industries, whether a company which is engaged in such an industry and which normally stocks up inventory in advance of the season, is forbidden by the foregoing regulation from doing so.

The prohibition against accepting delivery of inventory "in excess of the practicable minimum working inventory reasonably necessary to meet deliveries of the products of the person accepting delivery, on the basis of his current method and rate of operation," does not prevent the acceptance of delivery by such person of his requirements of the inventory in question provided, (a) that such person is not guilty of hoarding, and (b) that the deliveries accepted are no greater and no further in advance than those which he would normally accept in the ordinary course of his business to meet reasonably anticipated requirements. (Issued March 10, 1942.)

INTERPRETATION 1 OF § 944.2 OF PRIORITIES REGULATION 1, AS AMENDED

Section 944.2 of Priorities Regulation No. 1, as amended, makes compulsory the acceptance and filling of rated orders for any material "in preference to any other contracts or purchase orders for such material" The "other contracts" referred to include not only ordinary purchase contracts but other arrangements achieving substantially the same results, though in form they may concern the use of production facilities rather than the material produced. Preference ratings are applicable to facilities as well as materials.

are applicable to facilities as well as materials.

Examples of such "other contracts" which must be subordinated to higher rated orders are (1) arrangements whereby a producer, regularly engaged in producing a given product for sale to others, leases a portion of his plant, or the whole of it for a relatively short period, as a going concern to one of his customers and operation is continued under the producer's management and with the producer's regular personnel; and (2) arrangements whereby such a producer, in liou of buying raw materials and selling the product, accepts raw materials belonging to a customer for processing pursuant to a toll agreement or similar undertaking. If the deliveries to be made to such customer carry a preference rating, the sequence of delivories as compared with delivories to other persons placing orders with the producer is to be determined as provided in § 944.7 of Priorities Regulation No. 1. (Issued May 7, 1942.)

Interpretation 1 of § 944.7 of Priorities Regulation 1, as Amended

The provisions of § 944.7 (b) of Priorities Regulation No. 1, as amended, with respect to the sequence of deliveries bearing the same preference rating, are applicable only in cases where different deliveries bearing the same preference rating cannot be made on schedule. If material supply and available facilities permit deliveries bearing the same rating to be made on schedule, Regulation No 1 does not have any particular effect on the sequence of production for such deliveries. Where it is necessary to choose between deliveries bearing the same preference ratings, deliveries to the customers who first applied or extended the rating are to be preferred and, subject to the exceptions indicated in paragraphs (c) and (d) of § 944.7, production schedules must be adjusted accordingly.

graphs (c) and (d) of \$9447, production schedules must be adjusted accordingly.

For example, suppose one customer places in January an order rated A-1-a for August delivery and a second customer places in June an order bearing the same rating for July delivery. If both deliveries cannot be made on schedule, the second customer is not permitted to get the material away from the first customer, as he could under the regulation before the recent amendment. The producer must defer production on the second order to the extent necessary to make delivery on the first order on the August delivery date. If, on the other hand, both deliveries can be made on schedule, it is not necessary to produce or make delivery on the first oustomer's order ahead of that of the second, (Issued July 21, 1942.)

INTERPRETATION 1 OF § 944.18

The impression has arisen that orders and regulations of the War Production Board which restrict the sale, transfer or delivery of materials, products or equipment, need not be observed in the case of sales made by auctioneers, receivers, trustees in bankruptcy, and other cases where the assets of a business are being liquidated. This impression is erroneous.

All orders and regulations of the War Production Board which control the sale, transfer or delivery of any material, product or equipment, apply to sales made by any per-

son, whether for his own account or for the account of others, and all restrictions upon accepting delivery apply to acceptance of delivery at any type of sale, except as otherwise provided in Priorities Regulation No. 13 with respect to "special sales" or as otherwise provided in any other applicable regulation or order. Any sale made in violation of any order or regulation or any delivery accepted in violation of any order or regulation, subjects parties to all penalties provided by law, including liability for prosecution under Title III of the Second War Powers Act, which specifies penalties up to \$10,000 or imprisonment for one year or both. (Issued October 20, 1942.)

INTERPRETATION 1 of § 944.1

Section 944.1 (b) defines "defense order" to mean, among other things, any contract or purchase order for material or equipment to be delivered to or for the accounts of the Army or Navy of the United States, the Panama Canal or the Coast Guard. At the present time the Panama Canal is part of the Army and the Coast Guard is part of the New York Coast Guard is part of the Nayy. Some question has arisen as to whether the specific enumeration in Priorities Regulation No. 1 of the Panama Canal and the Coast Guard means that they do not fall within general references to the Army and Navy in other regulations and orders of the War Production Board. In particular, inquiries have been made as to whether exemptive provisions in limitation and conservation orders in favor of the Army and Navy also provide exemptions for the Panama Canal and the Coast Guard when the latter are not specifically mentioned.

An exemptive or other provision applicable to the Army also applies to the Panama Canal, and a provision applicable to the Navy to the Coast Guard, unless the provision expressly states otherwise. (Issued Feb.

3, 1943.)

PART 1010—SUSPENSION ORDERS [Suspension Order S-323]

NAPIER & SCOTT

Virgil E. Napier, doing business under the trade name of Napier & Scott, 1927 Fourth Avenue South, Seattle, Washington, is engaged in the business of distributing and installing heating, plumbing and fuel supplies. Between April 24, 1942 and November 27, 1942, Napier & Scott made 69 sales and deliveries of new metal heating equipment and new metal plumbing equipment, having a total value of approximately \$20,394, to ultimate consumers on orders which did not bear any Preference Ratings and did not contain any of the certifications required by Limitation Order L-79. These sales and deliveries were made in such reckless disregard of the terms of Limitation Order L-79 as to constitute wilful violations thereof.

These violations of Limitation Order L-79 have hampered and impeded the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing facts, It is hereby ordered. That:

§ 1010.323 Suspension Order S-323.

(a) Virgil E. Napier, doing business as Napier & Scott or otherwise, and his successors or assigns, are hereby prohibited

from accepting deliveries of, receiving, delivering, selling, transferring or otherwise dealing in any new metal heating equipment or new metal plumbing equipment, as defined in Limitation Order L-79, unless hereafter specifically authorized in writing by the Regional Compliance Chief, San Francisco Regional Office of the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Virgil E. Napier, doing business as Napier & Scott or otherwise, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on May 23, 1943, and shall expire on August 31, 1943, at which time the restrictions contained in this order shall be of no further

effect.

Issued this 20th day of May 1943.

PART 1010—SUSPENSION ORDERS [Suspension Order S-324]

APRILL STREET

Mike Lussa of New Orleans, Louisiana, in December 1942 began construction work in connection with the remodeling of part of the premises at No. 300 Dauphine Street, New Orleans, Louisiana. At that location, the respondent operates a cafe or night club known as the "Magnolia Room". The estimated cost of this construction work was \$2,169.00. In spite of the fact that the attention of the respondent was called to war time building restrictions by both the contractor and the architect, no application was made to the War Production Board for authority to undertake this work. This oaction of the respondent constituted a violation of Conservation Order L-41, which has hampered and impeded the war effort of the United States. In view of the foregoing, It is hereby ordered, That:

§ 1010.324 Suspension Order S-324.

(a) Neither Mike Lussa, his successors or assigns, nor any other person shall order, purchase, accept delivery of, withdraw from inventory, or in any other manner secure or use material or construction plant in order to continue, or complete construction of, or the remodeling of the premises located at No. 300 Dauphine Street, New Orleans, Louisiana, unless hereafter specifically authorized in writing by the War-Production Board.

(b) Nothing contained in this order shall be deemed to relieve Mike Lussa, his successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on May 22, 1943.

Issued this 20th day of May 1943.

PART 1142—DRY CELL BATTLEIES AND PORT-ADLE DLECTRIC LIGHTS OPERATED BY DRY CELL BATTLEIUS

[General Limitation Order L-71, as Amended May 21, 1843]

Section 1142.1 General Limitation Order L-71 is hereby amended to read as follows:

§ 1142.1 General Limitation Order L-71—(a) Definitions. For the purposes of this order:

(1) "Circular C435" means Circular C435 of the National Bureau of Standards, issued February 18, 1942, entitled "American Standard Specification for Dry Cells and Batteries".

(2) "Dry cell battery" means any primary cell or assembly of cells in which the electrolyte is nonspillable and in which electric current is produced by

electrochemical action.

(3) "Portable electric light" means any flashlight and any other portable electric light operated by one or more dry cell batteries. It does not include bulbs, dry cell batteries, electric flares (as defined in Limitation Order L-158, as amended from time to time) or airport and seadrome lights (as defined in Limitation Order L-235, as amended from time to time).

(4) "Flashlight" means any portable electric light designed and produced to be operated primarily by a miniature dynamo or one or more dry cell batterles designated as "D", "C", "BB" or "AA" in Table 4 of Circular C435.

(5) "Transfer" means to sell, lease, trade, lend, deliver, ship or transfer any dry cell batteries and portable electric lights from one person to any other person. For the purposes of this order the following shall not be considered transfers:

(i) To sell, lease, trade, lend, deliver, ship or transfer dry cell batteries or portable electric lights from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control;

(ii) A transfer of title merely for security purposes;(iii) Transfers of dry cell batteries or

(iii) Transfers of dry cell batteries or portable electric lights to and from warehouses where no substantial change in right, title or ownership to such dry cell batteries or portable electric lights is effected;

(iv) Transfers to and from carriers in order to effect the transfers specified in this paragraph.

(6) "Manufacturer" means any person engaged in the business of manufacturing or assembling dry cell batteries or portable electric lights...

- (b) Restrictions on use of materials. No manufacturer shall make or assemble any dry cell batteries or portable electric lights containing any of the following materials:
 - (1) Aluminum;
 - (2) Cadmium;(3) Chromium;
- (4) Copper or copper base alloy, except that
- (i) Brass may be used for plating electric contacts; and
- (ii) Bare copper wire of the minimum size required for proper operation may be used as an electrical conductor in dry cell batteries; and
- (iii) Where permitted by Preference Order M-43 (as amended from time to time) copper wire coated with lead-tin alloy may be used in the same way as may bare copper wire; and
- (iv) Where permitted by Conservation Order M-9-c (as amended from time to time) copper or copper base alloys may be used for multiple dry cell batteries, provided that the use of any less scarce materials is impracticable;
 - (5) Crude or reclaimed rubber;
 - (6) Iron or steel, except that
- (i) Where permitted by Supplementary Order M-21-e (as amended from time to time) terneplate may be used as an electrical conductor in dry cell batteries where a solderable coating is required, and
- (ii) Iron or steel may be used for any part of portable electric lights other than flashlights. In flashlights and in dry cell batteries iron or steel may be used for reflectors, electrical contact fittings, switches, eyelets, rivets, screws, springs, end ferrules, end caps, lens rings, battery carbon caps, and in grommets, ferrules and stitching wire for containers for holding assemblies of dry cell batteries;
 - (7) Nickel;
- (8) Tin except tin contained in solder where its use is allowed by Preference Order M-43 (as amended from time to time);
- (9) Zinc except zinc used for plating, for electrical contact fittings and for dry cell battery shells.
- (c) Restrictions on production and transfer of dry cell batteries and portable electric lights. (1) On or before the 10th day of June 1943, and on or before the 10th day of each third succeeding calendar month thereafter, each manufacturer shall file Form PD-880 with the Production Board, which shall include:
- (1) Such manufacturer's proposed production schedules for dry cell batteries and portable electric lights for the next succeeding calendar quarter.
- (ii) His proposed transfer schedules for dry cell batteries and portable electric lights for the next succeeding calendar quarter.

The War Production Board shall notify manufacturers of its approval or disapproval of the production and fransfer schedules for the period covered in the report. The War Production Board may at any time change any schedules; direct the cancellation of any order shown on any schedules; prescribe any other schedule for production or trans-

- fers for any period, regardless of whether a schedule for such period, or any part thereof, has been reported by the manufacturer or theretofore approved by the War Production Board; allocate any order listed on the report to any other manufacturer; or direct the transfer of any dry cell batteries and portable electric lights so listed to any other person, at the established price and terms.
- (2) The approved transfer schedules shall remain subject to the restrictions contained in paragraph (d) of this order, except as provided in paragraph (e) of this order, and no manufacturer shall make any transfers which are prohibited by paragraph (d) unless the approved transfer schedules expressly state otherwise
- (3) On and after May 1, 1943, no manufacturer shall produce, and on and after July 1, 1943, no manufacturer shall transfer any dry cell batteries and portable electric lights except in accordance with schedules approved or prescribed by the War Production Board as herein provided; and no manufacturer shall alter any such approved or prescribed production or transfer schedules unless authorized or directed to do so by the War Production Board.
- (4) During the calendar quarter beginning April 1, 1943, and ending June 30, 1943, the production permitted by Limitation Order L-71, as General amended January 9, 1943, and as modified by authorizations or appeals granted to individual manufacturers thereunder, shall be deemed to be the approved production schedule for each individual manufacturer. Such schedule shall be subject to all applicable provisions contained in this order and shall be considered in the same manner as if it had been originally filed on Form PD-880 and the approval of the War Production Board had been received therefor-
- (5) If the schedule for production approved under the provisions of this order does not correspond to the authorized production schedule approved for the same period or part thereof under the Controlled Materials Plan (on Form. CMP-4B, or any other designated form), then the schedule approved under this order shall constitute the authorized production schedule of the manufacturer.
- (d) Special transfer restrictions. On and after May 21, 1943, no manufacturer shall transfer
- (1) Any new portable electric lights except pursuant to orders bearing preference ratings of A-9 or higher;
- (2) Any dry cell batteries for ultimate use in any radio set designed primarily for the reception of broadcasts on standard radio wave lengths (550 to 1500 k.c.), except
- (i) Batteries containing cells designated "D" in Table 1 of Circular C435, with the modifications permitted in Section 2.2 of that Circular, or cells larger in size than such cells designated "D", and
- (ii) "C" batteries of the types described in Table 8 of Circular C435.
- (e) Special exemptions. The provisions of paragraphs (b) and (d) of this

- order shall not apply to the production and transfer of any dry cell batteries or portable electric lights produced and transferred to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Office of Scientific Research and Development, Panama Canal, Coast and Geodetic Survey or the government of any country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act). However, the provisions of paragraph (c) of this order shall apply to the persons specified above, and manufacturers shall include in their production and transfer schedules on Form PD-880 their proposed production and transfers for the above specified persons. Any dry cell batteries or portable electric lights produced for the account of the persons specified above but not transferred to such persons may not be further processed, assembled or transferred to any other persons except pursuant to the specific authorization of the War Production Board.
- (f) Applicability of other orders. The provisions of Conservation Order M-11-b, limiting the use of zinc, shall no longer apply to manufacturers of dry cell batteries in the manufacture of such batteries but shall be superseded by the provisions of this order. In so far as any other order heretofore or hereafter issued by the Office of Production Management or the War Production Board limits the use of any material in the production of portable electric lights or dry cell batteries to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.
- (g) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.
- (h) Avoidance of excessive inventories. No manufacturer shall accumulate for use in the manufacture of portable electric lights or dry cell batteries inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production at the rates permitted by this order.
- (i) Appeal. Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.
- (j) Violations. Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making, or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

PART 1185-SANITARY NAPKUS

[Limitation Order L-95 as Amended May 21, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cotton gauze and wood cellulose for defense. for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1185.1 General Limitation Order L-95—(a) Definitions. For the purposes

of this order:

- (1) "Sanitary napkin" means any napkin manufactured and sold for consumer use but not including so called hospital type napkins sold in bulk for hospital use.
- wrapper" means any (2) "Gauze woven sanitary napkin cover which wraps around the filler.
- (3) "Knitted wrapper" means any sanitary napkin cover which is knitted in seamless circular form.
- (4) "Cellulose filler" means any sanitary napkin filler made principally of wood cellulose either in layer or shredded form.
- (5) "Cotton filler" means any sanitary napkin filler made entirely of cotton material.
- (b) General restrictions. (1) After 20 days from April 9, 1942, no person shall manufacture any sanitary napkin with a gauze wrapper or knitted wrapper of a length greater than 19 inches.

(2) After 60 days from April 9, 1942,

no person shall manufacture:

- (i) Any sanitary napkin of a size other than super, of the cellulose filler type, with a gauze wrapper of a width greater than 8¾ inches;
- (ii) Any sanitary napkin of a size other than super, of the cotton filler type, with a gauze wrapper of a width greater than 9 inches:
- (iii) Any sanitary napkin of super size. of either the cellulose filler or cotton filler type, with a gauze wrapper of a width greater than 9% inches;
- (iv) Any sanitary napkin with a gauze wrapper having more than 18 warp threads per inch or more than 14 filling threads per inch.
- (3) No person shall manufacture during any calendar year more sanitary napkins of super or large size, by percentage of total production, than he manufactured in 1940.

(c) Restrictions on the packaging of sanitary naplains. On and after July 21, 1943, any person packaging sanitary napkins for shipment and sale shall compress them into the smallest practicable container, but in no instance shall the dimensions of the container provide b space of more than 13.75 cubic inches for each sanitary napkin packed therein.

Note: Following paragraphs redesignated May 21, 1943.

(d) Avoidance of excessive inventories. No producer of sanitary napidna chall accumulate for use in the manufacture of such sanitary naplains inventories of raw materials, semi-processed materials or finished parts in quantities in excess of the minimum amount necessary to maintain production of sanitary napkins in the quantities permitted by this order.

(e) Applicability of Priorities Regulation No. 1. This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(f) Records. All percons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories,

production and sales.

(g) Audit and inspection. All records required to be kept by this order shall. upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) Reports. Every percon manufacturing sanitary naplins shall, within thirty days from April 9, 1942, report by letter the following data: (1) his production of sanitary napldins of super or large size, by aggregate number of units, in 1940; (2) his production of canitary napkins of all sizes, including super, by aggregate number of units, in 1940. All persons affected by this order shall execute and file with the War Production Board such other reports and questionnaires as said Board shall from time to time prescribe.

(i) Violations. Any person who wilfully violates any provision of this order, or who by any act or emission falsifies records to be kept or information to be furnished pursuant to this order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

(j) Appeal. Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, may appeal to the War Production Board, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The War Production Board may thereupon take such action as it deems appropriate.

(k) Communications. All reports required to be filed hereunder, or communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Safety and Technical Equipment Division, Washington, D. C. (Ref: L-95).

Issued this 21st day of May, 1943. WAR PRODUCTION BOARD. By J. Joseph Whelan, Recording Secretary.

> PART 3243—SHIPPING CONTAINERS [Concervation Order M-313]

> > FIDER DRUMS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of fibre drums for defence, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national de-

§ 3243.1 Conservation Order II-313-(a) Definitions. For the purposes of this

order:
(1) "Manufacturer" means any person who manufactures fibre drums for sale.

(2) "Fibre drums" means any cylin-drical shipping container which (i) is of the types known in the container industry as "fibre drums" and "fibre pails." (ii) is made with a body of paperboard and ends of paperboard, steel (28 gauge or heavier), wood, or any combination thereof, (iii) has a capacity of one gallon or more, and (iv) is of the types which, ugon conforming with any applicable Concolldated Freight Classification rule and Interstate Commerce Commission regulation, are acceptable for shipment without covering containers. This does not include cylindrical containers, of similar construction, known in the container industry as "cans" and "tubes."

(3) "Qualified order" means any purchase order for fibre drums which specifies the following information as to each type and size of drum ordered: (i) the specific, products to be packed in such drums, (ii) the number of drums desired for each such product, and (iii) the desired receiving date or dates for

such drums.

(b) Restrictions on manufacturers—
(1) Shipping restriction. Notwith-

standing any preference rating received, no manufacturer shall ship fibre drums to any purchaser on and after June 16, 1943, except as specifically authorized by the War Production Board on Form

PD-881.
(2) Reporting requirements. On or 1942 every manufacturer before June 3, 1943, every manufacturer shall forward to the War Production Egard a report on Form PD-281 for the period June 16 through July 31, 1943, inclusive. Such report shall include, among other required data, a listing of "qualified orders" requiring shipment during the report period. On or before

²Freight Tariff No. 4 (I. C. C. No. 4) Specifications 21A, 21B.

²Concolldated Freight Classification No. 15, General Rule 41,

the 15th day of July, 1943, and of each month thereafter, every manufacturer shall forward Form PD-881 for the next succeeding month.³

(c) Restrictions on purchasers—(1) Acceptance restriction. No purchaser shall accept delivery of any fibre drum shipped on or after June 16, 1943, if he has reason to believe that the shipping of such drum was not authorized pursuant to paragraph (b) (1) above.

(2) Inventory limitation. No person shall order any quantity of any type of fibre drum for delivery to him or for his account on any date if receipt thereof on that date would increase his estimated inventory of that type of drum to more than his requirements therefor for the 60-day period commencing on that date.

(d) Applicability of other regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as same may be amended from time to time.

(e) Communications. All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Containers Division, Washington, D. C., Ref: M-313.

(f) Violations. Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 21st day of May 1943.

PART 3254—DENTAL BURS [General Limitation Order L-295]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of dental burs for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3254.1 General Limitation Order L-295—(a) Definitions. For the purposes of this order:

(1) "Dental bur" means only metal bur or diamond impregnated point or disc designed to be used in an engine hand-piece by dentists for the purpose of excavating or cutting human teeth.

(2) "Manufacturer" means any person engaged in the manufacture of dental burs.

(b) Production and shipping schedules and restrictions thereon. On or before June 15, 1943, and on or before the 15th day of each succeeding calendar month, each manufacturer of dental burs shall file with the War Production Board in triplicate on Form PD-774, his proposed production and shipping schedules of dental burs for the period required by such form. The War Production Board will approve the proposed production and shipping schedules or make such changes therein as it shall deem necessary, and will return to the manufacturer a copy of such form as approved or changed. Notwithstanding any preference rating which any purchase order or contract may bear or any rule or regulation of the War Production Board, each manufacturer shall produce and ship dental burs in accordance with his production and shipping schedules as approved or changed by the War Production Board.

(c) Applicability of regulations. Except as otherwise provided herein, this order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(d) Violations and false statements. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(e) Appeals. Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the

appeal.

(f) Communications. All reports to be filed hereunder and communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Safety and Technical Equipment Division, Washington, D. C., Ref: L-295.

PURCHASES OF MILK FROM PRODUCERS FOR RESALE AS FLUID MILK IN HARFORD, MD. AREA

A statement of the considerations involved in the issuance of this amend-

ment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 329 is amended in the following respects:

- 1. Section 1351.402 (a) (5) is added to read as follows:
- (5) Maximum prices for purchases of "milk" from producers for resale as fluid milk in the Harford, Maryland area, are modified and adjusted in § 1351.415 below.
- 2. Section 1351.404 (k) is added to read as follows:
- (k) "Harford, Maryland area" means the ferritory included in the counties of Carroll, Cecil, Harford, Howard and Kent, and that portion of the County of Baltimore which is north of the latitude 39°30', all in the State of Maryland.
- 3. Section 1351.415 (n) is added to read as follows:
- (n) Adjusted maximum prices for purchases of "milk" from producers in the Harford, Maryland area: (1) The maximum price for each grade of "milk" purchased from a producer for resale as fluid milk in the Harford, Maryland area shall be the higher of the following prices:

(i) The highest price each purchaser of "milk" from a producer paid that producer for "milk" of the same grade received during January, 1943.

(ii) \$3.79 per hundredweight for milk testing 4 percent butterfat plus or minus 5 cents for each $\frac{1}{10}$ of 1 percent that the butterfat content varies over or under 4 percent as the case may be.

(2) On or before June 4, 1943, each purchaser of "milk" from a producer for resale as fluid milk in the Harford, Maryland area, shall calculate and notify each such producer of his adjusted maximum purchasing price as determined under the foregoing subparagraph (1).

(3) On or before June 19, 1943, each such purchaser of "milk" from a producer for resale as fluid milk in the Harford, Maryland area shall file a report with the Regional Office of the Office of Price Administration, New York City, New York, showing his adjusted maximum purchasing price, as determined under the Toregoing subparagraph (1), and the factors upon which it is based.

This amendment shall become effective as of May 1, 1943.

[RO 1A,1 Amdt. 28]

TIRES, TUBES, RECAPPING AND CALIELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order No. 1A is amended in the

following respects:

- 1. Sections 1315.302, 1315.505 (a) and (b), 1315.506 (a) and (b), 1315.511 (a) and (b), 1315.506 (a) and (b), (c) (5) and (f), 1315.808 (a) and (b), 1315.1005 (a) (3), 1315.1008 and the text of §§ 1315.802 (a) and 1315.1005 (a) are amended by inserting the word "new" before the word "tube" or "tubes" wherever the word "tube" or "tubes" appears therein.
- 2. Section 1315.305 is added to read as follows:
- § 1315.305 No Board jurisdiction over used tubes. No Board may issue a certificate authorizing the purchase of a used tube.
- 3. The eligibility table in § 1315.503 (c) is amended to read as follows:

Total allowed mileage	Kind of tire	Kind of tube
240 miles per month or less. 241 miles per month or over. For fleet passenger automobiles or official passenger automobiles for which interchangeable gasoline ration books have been currently issued.	Grade III. Grade I or Grade III thre at applicant's option. Grade III thre; if applicant establishes that the particular vehicle will be operated for 241 or more mile. per month, then a Grade I tire.	New. New.

- 4. Section 1315.509 (e) is amended to read as follows:
- (e) Allotment of tubes. Each applicant who was authorized to acquire an allotment of Grade III tires prior to January 20, 1943, or who has been authorized to acquire an allotment of passenger-type tires as provided in paragraphs (b) and (c) or an allotment of used passenger-type tires under paragraph (d) prior to the revocation thereof, may be granted a certificate by the State Director or District Manager authorizing him to acquire one new passenger-type tube for each passenger-type tire that he has been authorized to acquire.
- 5. Section 1315.510 is amended to read as follows:
- § 1315.510 Eligibility of recappers for curing tubes. Any recapper may file an application for authority to acquire new tubes for use solely in recapping. The applicant must establish that he does not have more than one serviceable air bag or tube of the required size for each mold

operated by him and that the new tube applied for is necessary to the operation of the mold. No recapper shall be authorized to acquire in any one calendar month more than four (4) new tubes for each mold operated by him.

- 6. Section 1315,801 is amended to read as follows:
- § 1315.801 Prohibitions. Notwithstanding the terms of any contract, agreement or other obligation, regardless of when made, no person, unless permitted by Ration Order No. 1A, or by an order, authorization or regulation issued by the War Production Board, shall:

 (a) Make or offer to make, accept or offer to accept, or solicit a transfer of any tire, new tube or camelback; or

- (b) Use, alter or change the physical location of any tire, new tube or camelback; or
- (c) Mount any tire or new tube upon a wheel or rim.
- 7. Section 1315.802 (b) is amended to read as follows:
- (b) Mounting from stock prohibited. No dealer or manufacturer shall declare on his tire inspection record or mount or use tires or new tubes taken from his stock unless he has obtained a certificate authorizing such mounting or use or unless such tires or new tubes were permanently removed from his stock and mounted on his vehicle prior to October 1, 1942.
- 8. Section 1315.802 (c) is amended to read as follows:
- (c) Temporary transfer, mounting and use of used tires. A person may temporarily transfer, without certificate, used tires to another person who may mount and use them to:
- (1) Replace a tire that is being repaired or recapped;
- (2) Move a wrecked, disabled or repossessed vehicle to a garage or other place of safety or storage;
- (3) Move vehicles held for resale from one sales premises to another:
- (4) Move any house trailer to a site for

housing purposes.
Such tires shall be returned to the transferor within three (3) days after the purpose for which the tires were transferred is accomplished.

- 9. Section 1315.803 (e) is amended to read as follows:
- (e) By warehousemen. A public warehouseman who has received tires or new tubes for storage may, in exchange for a certificate, transfer tires or new tubes to a consumer as follows:
- (1) New tires or new tubes stored prior to December 11, 1941.
- (2) Recapped tires used less than one thousand (1,000) miles after being recapped and stored prior to February 19, 1942.
- (3) Used tires, including tires used more than one thousand (1,000) miles after being recapped, and stored prior to October 1, 1942.
- 10. The last two lines in the replenishment table in § 1315.804 (c) (3) are amended to read as follows:

If part B calls for— Any size passenger tube Any size truck tube Dealer or manufacturer may replentich with—
Any size new pascenger tube

PART 1315—RUBBER AND PRODUCTS AND MA-TERIALS OF WHICH RUBBER IS A COM-PONENT

[RO 1A,1 Amdt. 29]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order No. 1A is amended in the following respect:

Section 1315.804 (j) is added to read as follows:

- (j) Downstream transfers 'without certificate. (1) A manufacturer or dealer may, upon written authorization of the State Director or District Manager having jurisdiction over the area in which the transferee is located, transfer tires or tubes to a dealer. A dealer who acquires tires or tubes under this paragraph shall surrender to the State or District Office which issued the authorization, within ninety (90) days of the date thereof, Parts B of certificates or receipts representing the number, type and grade of tires or tubes received pursuant to the authorization.
- (2) Tires or tubes acquired by a dealer under this paragraph may be transferred to another dealer upon the written authorization of the State Director or District Manager having jurisdiction over the area in which the dealer to whom the transfer is to be made is located. In the case of such subsequent transfer, the transferor shall surrender a copy of the authorization (in lieu of Parts B) to the State or District Office having jurisdiction over the area in which he is located. The transferee must, within ninety (90) days of the date of the authorization for the subsequent transfer, surrender to the State or District Office which issued such authorization the Parts B representing the transferred tires or tubes.

(i) However, if the tires or tubes are to be transferred from a retailer to a dealer, or from a wholesaler to a wholesaler, the authorization at the option of the transferor may provide that the transferor and not the transferee shall be required to surrender the Parts B. If such an authorization is issued the transferor must surrender the Parts B and not a copy of the authorization to the State or District Office having juris-

diction over the area in which he is located.

- (3) Application for authority to make a transfer under this paragraph shall be made by either the transferor or the transferee and shall state the names and addresses of the transferor and the transferee and the number, type and grade of tires or tubes to be transferred.
- (4) No authorization to make or receive a transfer under this paragraph shall be granted by a State Director or District Manager after June 30, 1943. An authorization issued by a State Director or District Manager under this paragraph shall state the person who is required to surrender Parts B of certificates or receipts representing the number, type and grade of the tires or tubes to be transferred.
- (5) No manufacturer or dealer may be authorized under this paragraph to make more than one transfer to any one dealer.

This amendment shall become effective May 20, 1943.

PART 1429—POULTRY AND EGGS [Rev. MPR 269, Amdt. 9]

POULTRY

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1429.14 (d) is added to read as follows:

- (d) Each Regional Administrator of the Office of Price Administration is authorized to adjust the maximum base prices for any live poultry item, as established in § 1429.19 of this regulation, for all places within any political subdivision or other defined area in this region to one uniform maximum base price applicable to all places in such political subdivision or other defined area, Provided, That:
- (1) Such uniform maximum base price for the live poultry item does not exceed by more than ½0th of one cent per pound the lowest maximum base price for the live poultry item in such political subdivision or other defined area.
- (2) Such uniform maximum base price for the live poultry item will not create or tend to create a shortage, or need for increase in prices, in another locality, and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

(3) The Price Executive of the Poultry, Eggs, and Dairy Products Branch of the Food Price Division of the Office of Price Administration is notified in writing of the proposed uniform maximum base price for the live poultry item, and has consented in writing to the establishment of such uniform maximum base price.

Example: The maximum base price for live broilers in County X ranges from a low of 28.44 cents per pound to a high of 28.53 cents per pound. The Regional Administrator decides to adjust all maximum base prices for live broilers in County X to one uniform maximum base pr'ce of 28.5 cents per pound, in the interest of simplicity and effective enforcement. He ascertains that such uniform price will not create a shortage or need for increase in prices in another locality. He also knows that the uniform maximum base price of 28.5 cents per pound does not exceed by more than 1/10th of one cent the lowest maximum base price of 28.44 cents per pound. Therefore, upon receiving the written con-sent of the Price Executive of the Poultry, Eggs, and Dairy Products Branch of the Food Price Division of the Office of Price Administration, he may establish 28.5 cents per pound as the uniform Maximum base price for live broilers at all places in County X.

PART 1499-COMMODITIES AND SERVICES [SR 14 to GMPR, Amdt. 175]

PICK-UP AND DELIVERY TRANSPORTATION SERVICES FOR RAIL AND LIOTOR LINE HAUL CARRIERS ?

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new subparagraph (104) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 Modification of maximum prices established by § 1499.2 of the General Maximum Price Regulation for certain commodities, services and transac-(a) The maximum prices tions. established by § 1499.2 of the General Maximum Price Regulation for the commodities, services, and transactions listed below are modified as hereinafter provided.

(104) Transportation of property by carriers, other than common carriers within the exemption conferred by section 302 (c) of the Emergency Price Control Act of 1942, performing pick-up and delivery service for rail and motor line haul carriers—(1) Maximum prices. The maximum prices for transportation of property by carriers, other than common carriers, performing pick-up and delivery service for rail, motor, and water line haul carriers shall be either (a) the maximum price established for such service by § 1499.2 of the General Maximum price Regulation, or (b) a price agreed upon between the seller and purchaser of the service and reported to, and approved by, the Office of Price Administration. Such report shall be on the form set forth in subdivision (v) below.

(ii) Filing of report. The report required in subdivision (i) (b) above shall be filed by either the seller or the purchaser of the service with the Office of Price Administration, Transportation and Public Utilities Division, Washington, D. C., at least thirty days before the date on which the rates requested therein are proposed to be made effective.

(iii) Approval, adjustment, or modifi-cation of prices. The requested increase in maximum rates for pick-up and de-livery service set forth in a report filed

INSTRUCTIONS

(This method of adjustment may be applied only to rates charged by carriers other than common carriers performing pick-up and delivery service for rail, motor, and water line haul carriers.)

GENERAL

Purpose and Use

This form must be submitted by either the pick-up and delivery carrier or the line haul carrier to obtain permission to adjust the ceiling rate charged for pick-up and delivery service in accordance with the provisions of \$ 1499.73 (a) 104 of Supplementary Regula-tion No. 14 to the General Maximum Price Regulation. This Amendment allows a carrier performing pick-up and delivery service for line haul carriers by rail, motor or water to increase his ceiling rates by no more than the amount of any actual lawful dollar-and-cents increases in his material and labor costs incurred in supplying the service: Provided,

That both carriers certify to the facts required by this form.

Number of Copies-Place and Time of Filing

Two (2) copies of this form, with the appropriate sections filled in and signed by the pick-up and delivery carrier and the line haul carrier, must be filed with the Office of Price Administration, Transportation and Public Utilities Division, Washington, D. C., at least thirty (30) days before the effective date of the increased rate.

Authorized Date for Use of New P. U. & D. Rates

A. If no wage or salary increase which requires National War Labor Board approval requires National war labor Board approval is quoted in support of your request for an increase in rate, the requested rate may be charged thirty (30) days after such filing, unless and until the Office of Price Administration notifies the "pick-up and delivery carriers" and the "line haul carriers" to the contrary.

B. If an agreed-upon wage or salary increase requiring National War Labor Board approval is a factor in the increased costs reported in justification of the requested increase in rates, two (2) copies of this form must be filed within fifteen (15) days from the date on which application for approval of the agreed-upon wage or salary adjustment was filed with the National War Labor Board.

C. If a disputed wage or salary proceeding is involved, the Office of Price Administration must be notified in writing within fifteen (15) days after the pick-up and delivery carrier receives notice that the case was certifled to the National War Labor Board; and two (2) copies of this form must be filed within five days of the date upon which carrier is notified of the proposed National War Labor Board decision in his case. In the case of either B. or C., the pick-up and delivery carrier may not charge the increased rate until the date upon which the wage or salary increase becomes finally effective.

Definitions

"Pick-up service" means the transportation of property to a terminal of a line haul carrier from the point of origin from which the line

haul carrier's rate applies.
"Delivery service" means the transportation of property from a terminal of a line haul carrier to the point of destination to which

the line haul carrier's rate applies.
"Pick-up and delivery carrier" means a carrier who contracts with a line haul carrier to perform pick-up or delivery service.

"Line haul carrier" means a carrier by rail, motor, or water, engaged in transportation of property for hire.

Instruction's on Questions

Question No. 3: Before inserting the ceiling rates in effect as of the date of the application, read carefully Note 5-1 in Paragraph 5 for instructions on how to determine the proper ceiling date.

If the rate schedule applies to more than one line haul carrier, it should show clearly which rates are applicable to each such car-rier. If the rate schedule contains varying rates for different classes of service, such as zone rates, the rates applicable to each classification of service should be set forth clearly.

Question No. 4: If your increased costs listed in question 5 includes an increase in wage rates as an item of increased cost of operation, check the appropriate blocks for "Yes" or "No" in lines A, B, and C. If line D, applies to your case give the title and date of the order in the space provided.

Question No. 5 Column (1): The description of the items of cost inserted in this column must be specific and brief. It should follow well recognized breakdowns of truck operating expense and each entry should cover a single item. Example: "operating expenses", which might include cost of repairs, tires and gasoline, would be too general. Each of the items "repairs", "tires", and "gasoline" should be listed separately.

Column (2): The cost of each item as used in this column means the total dollar-and-cent cost of the item for the pick-up and delivery service covered by the application. It may be taken either from the applicant's profit and loss statements or may be arrived at by multiplying the unit cost as shown in column (4) by the total units of that item used in a given period. The calendar year 1941 shall be used as the basis for calculating both the revenue and the cost of any particular item. Where costs have advanced during a given period, use an average. The percentage is the result obtained by dividing

the cost of the item by the total Pick-up-and-Delivery Revenue.

Example: A pick-up-and-delivery carrier had an average revenue of \$100.00 per month or a total of \$1200.00 per year derived from pick-up-and-delivery service. His expenditure for gasoline during this same period was \$180.00. Therefore, \$180.00 divided by \$1200.00 equals 15%, which is the percentage which the cost of gasoline bears to the pickup-and-delivery revenue. On the other hand, if the pick-up and delivery carrier does not have information available to determine the amount of his total expense for gasoline, he should be able to estimate quite accurately the number of gallons of gasoline which he used during the period selected. Thus, if he uses 1200 gallons per year at an average cost of 15¢ per gallon, his gasoline cost would amount to \$180.00 per year.

As used in this column "P. U. & D." means "pick-up and delivery."

Column (3): Show the unit of measure, as "gallon", mile", "hour", "week", etc.

Column (4): Show the unit cost of the item shown on each line (under Column (1)) for the date you inserted at the head of this column.

Column (5): "Present unit Cost" as used

in column (5) means the cost of items described in column (1) as of the date of the certification of the application or the closest practicable date thereto.

Column (6): Subtract column (4) from

column (5) then divide the result by column (4), and insert the resulting percentage in

column .(6).

Question No. 6: This certification shall be signed and dated by the owner, or designated employee, of the company, or person, doing the pick-up-and-delivery service.

Question No. 7: This certification shall be executed by the line haul carrier (railroad, motor truck, barge or other carrier) carrying the signature and official title of the officer signing as designated.

Note: The reporting provision of this amendment has been approved by the Bureau of the Budget in accordance with the

Federal Reports Act of 1942.

This amendment shall become effective May 20, 1943.

Chapter XIII—Petroleum Administration for War

[Petroleum Directive 66 as Amended May 22, 1943]

PART 1527-MARKETING ASPHALT

The most effective utilization of petroleum requires that the number of grades of asphalt be limited to the minimum necessary to fulfill essential civilian and war demands, contributing thereby to the best use of the transportation and storage facilities available for asphalt; and the following operating directive is deemed necessary and appropriate to promote the national defense and to provide adequate supplies of petroleum for military and other essential uses:

§ 1527.1 Petroleum Directive 66—(a) Manufacture of asphalt. No asphalt or asphaltic products for paving purposes or dust palliatives other than the grades specified in paragraph (b) shall be manufactured after the effective date of this directive.

(b) Grades of asphalt. The grades of asphalt and asphaltic products for paying purposes which may be manufactured after the effective date of this directive are:

Asphalt cements:

Penetration Ranges-50-Co, 60-70, 85-160, 120-150, 150-200, 200-300.1

Federal Specifications—SS-A-706a2 (November 26, 1940) and ES-R-406a (April 25, 1942).

Emulsified Asphalts:

Any grade manufactured from base stocks provided for in this directive.

(c) Special provisions. (1) At the option of the purchaser, the Heptane-Xylene Equivalent Spot Test as set forth in Specification A. A. S. H. O. designation T102-42 (using a minimum of 15 percent Xylene with normal Heptane) may be required in addition to Federal Specifications.

(2) Except as provided in paragraph (c) (1), no refiner or processor of asphalt and asphaltic products for paving purposes shall be required to meet any material test not provided for in the Federal

Specifications.

(d) Exceptions. (1) Crack filler, joint filler, cold patch, lump or powdered asphalt and zone marking paint may be manufactured only when such products are to be transported from a refinery by means other than tanker. barge, tank car, tank truck or tank truck trailer.

(2) Flux oil may be manufactured only when such flux oil is to be used in connection with natural rock asphalt or is to be used with lump or powdered asphalt exclusively for plant mix paving mixtures.

(e) Communications. All communications concerning this Directive shall, unless otherwise directed, be addressed to: The Director of Marketing, Petroleum Administration for War, The Interior Building, Washington, D. C. Ref: PD 66.

(f) Area of applicability. This directive shall apply to the Continental United States.

PART 11-STANDARD CONTRACT PROCEDURE SUDPART-STANDARDIZATION OF PURCHASE ORDER FORMS

The following subpart is added to the regulations under this part, to effect the standardization of purchase order forms' used in the procurement of supplies.

Sec.

11.100 Standardization requirements.

11.101 Required format.

11.102 Optional features.

11.103 Approval by Director of Procurement.

11.104 Uce in foreign countries not required. 11.105 Existing steelis.

Aumonit: \$\$ 11.100 to 11.105, inclusive. iccued under cee. 1, E.O. 6168, June 10, 1933 (41 CFR 1.1); subdivision D, sees. 1 and 3, Regulations Governing the Operation of the Branch of Supply, Procurement Division, Treasury Department, approved by the Presi-dent April 12, 1935 (41 CFR 11.1, 11.3).

§ 11.100 Standardization requirements. Except as otherwise authorized by law, by these regulations, or by the Director of Procurement under § 11.3, purchase order forms used by all departments and establishments in the Executive Branch of the Government, for or in connection with contracts for supplies, shall conform without deviation to the format set forth and described in § 11.101.

§ 11.101 Required format. The format of purchase order forms subject to § 11.100 shall be standardized in the following respects:
(a) Size. To be 8" x 10.5" for the

body of the form, apart from additions incident to the type of manifolding used, and apart from any other additions removable from copies not for agency use by tearing along perforations.

(b) Arrangement, spacing, and terminology. To be as set forth in attached sample, except that the spaces provided at the bottom of the sample form for "billing or other instructions" and "use of agency when necessary" may be enlarged, if desired, by reducing the space provided in the main block under the headings "Item No.", "Articles or Services", "Quantity", "Unit", "Unit price", and "Amount", and except that an additional column may be added to such main block where required.

(c) Titling. In the space below the title "Purchase Order" shall be inserted the name of the issuing department or establishment, and also its address in cases where the particular form is to be used for a single point of issue only, omitting in such cases the line dividing the designated space from the space below and also the words "Point of issue".

§ 11.102 Optional features. (a) The format to be used is not standardized as to the form number to be assigned, the location and use of copy identification (that is, whether original, duplicate, etc.), the number of copies to be used, the distribution of copies, the type of manifolding (such as strip, fanfold, continuous, or single set), printing on the reverse side of the original or any copy, and instructions or conditions of purchase in addition to those contained in the attached sample form. Those features are left for determination by the using department or establishment,

(b) Any desired material may be printed in the spaces designated in the attached sample as "for use of agency when necessary" and for "billing or other

instructions".

§ 11.103 Approval by Director of Procurement. To assure the uniformity of purchase order forms as regards the features standardized by these regulations, all proposed forms shall be submitted to the Director of Procurement for approval prior to printing. The Director of Procurement will review proposed forms as to the standardized features only, and his approval will not extend to any feature left optional under these regulations.

§ 11.104 Use in foreign countries not required. Purchase order forms for use in foreign countries need not comply with these regulations.

§ 11.105 Existing stocks. Except as may be directed by the Director of Procurement, purchase order forms now in use by departments and establishments may be used until stocks on hand or in process of printing are exhausted.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[No. 3666]

PARTS 73, 75—Transportation of Explosives ²

TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 12th day of May, A. D. 1943.

It appearing, that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921, (41 Stat. 1445), and section 204 (a) (2) of Part II of the Interstate Commerce Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles:

It further appearing, that in applications received we are asked to amend the aforesaid regulations as set forth in provisions made part hereof;

And it further appearing, that amendments involved in said applications, having been considered and found to be in accord with the best-known practicable means for securing safety in transit;

It is ordered, That the aforesaid regulations for transportation of explosives and other dangerous articles be, and they are hereby, amended as follows:

Part 2—List of Explosives and Other Dangerous Articles

Superseding and amending item of list, section 4, order April 13, 1943, to read as follows (change):

- Article	Classed as—	Exemptions and packing (sec.)	Lahel	Maximum quantity, express
Urea nitrate wet, not exceeding 16 ounces.	See sec. 192			16 ounces.

Part 3—Regulations Applying to Shippers

Amending paragraph (b) (4), section 110, order August 16, 1940, as follows (packing inflammable liquids) add:

Note: Because of the present emergency and until further order of the Commission, used metal drums in good condition, manufactured prior to May 1, 1943, having welded side seams, openings not over 2.3 inches in diameter, bodies and heads of 18 gage minimum thickness, and minimum rated capacity of 55 gallons may be reused, if refested by owner or user in the manner prescribed in par. 14 of specification 17 E, and approved for service by the Bureau of Explosives. Each drum must be embossed or stamped on one head (1) with manufacturer's name, or with an identification symbol or trademark which must have been registered with the Consolidated Freight Classification Committee, and (2) with the U.S. Standard gage of the metal, the capacity of the container, and the year of manufacture (these may be abbreviated and must appear in the order specified, for example, 8-55-43). Each drum must be adequately closed before shipment to prevent leakage, gaskets being required, and must be stamped with the words "Authorized for reuse by Bureau of Explosives." Applications for permission for reuse should be made to the Bureau of Explosives, 30 Yesey Street, New York City.

Superseding and amending section 192, order Aug. 16, 1940, to read as follows (packing picrate of ammonia, etc.):

192 Picrate of ammonia (ammonium picrate), picric acid and urea nitrate, wet with not less than 10 per cent water,

in quantity not exceeding 16 ounces in one outside package, may be shipped as drugs, medicines, or chemicals, when in glass bottles securely stoppered, each bottle inclosed in a strong fiber carton properly cushioned in the outside shipping case. No restrictions other than packing prescribed by this section are required when these materials are offered for transportation.

It is further ordered, That this order amending the aforesaid regulations shall be effective on and after May 12, 1943, and shall remain in full force and effect and be observed until further order of the Commission;

And it is further ordered, That copies of this order be served upon all the parties of record herein and that notice be given to the public by posting in the office of the Secretary of the Commission at Washington, D. C.

(Sec. 233, 41 Stat. 1445, sec. 204 (a) (2), 49 Stat. 546; 18 U.S.C. 383, 49 U.S.C. 304)

By the Commission, Division 3.

Region II.

[Altoona Order 2 Under Gen. Order 51] COMMUNITY CEILING PRICES FOR BLAIR COUNTY, PA.

SECTION 1 What this order does. In: accordance with the provisions of Gen-/ eral Order No. 51, this order establishes in section 7, dollars-and-cents ceiling prices for certain food items sold at retail in the County of Blair, State of Pennsylvania.

Sec. 2 Applicability. No seller, except a "retail route seller," may charge more than the ceiling prices fixed herein for his particular class of retailers, as defined in section 4, hereof. Retail route sellers may continue to charge their present ceiling prices. The ceiling prices fixed herein for a class of retailers shall be the only ceiling prices for such food items for all sellers in that class.

SEC. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All retail stores must post, in a conspicuous place in the store, a list of the ceiling prices for such food items, when such list is supplied by the Office of Price Administration.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign showing the appropriate class of retailers, which sign will read "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers.

SEC. 4 Definitions of classes of retailers. For the purpose of this regulation, retailers are divided into the fol-

lowing four classes:

(a) Class 1. "Independent" retail stores with "annual gross sales" of less than \$50,000. A retail store shall be an "independent" retail store if it is not one of a group of four or more stores under one ownership whose combined "annual

gross sales" are \$500,000 or more.
(b) Class 2. "Independent" restores with "annual gross sales"

\$50,000 or more, but less than \$250,000.
(c) Class 3. Retail stores, other than "independent" retail stores, with "annual gross sales" of less than \$250,000.

(d) Class 4. Any retail store with "annual gross sales" of \$250,000 or more.

(e) Farmers and other sellers. Farmers shall be considered Class 1 retailers for retail sales. Other sellers not retail stores shall find their class according to their 1942 volume of retail sales of all goods. (See section 21 of Revised Maximum Price Regulation No. 238 for the meaning and method of determining "annual gross sales.")

Sec. 5 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

SEC. 6 Effective date. This order becomes effective on May 17, 1943, at 12:01 a.m.

eral Order No. 51, this order establishes in section 7 community (dollars-and-cents) ceiling prices for certain food items sold in class I retail stores and in other classes of retail stores as indicated in section 7, located in the following areas in the Commonwealth of Pennsylvania: all of Schuylkill County.

SEC. 2 Application to other sellers. No seller except a "retail route seller", may charge more than these community (dollars-and-cents) ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class I retail stores". All other sellers must continue to charge no more than any lower ceiling prices established by this or any other applicable price regu-

SEC. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class I retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2", "OPA-3", or "OPA-4", which-ever applies, so that it can be clearly seen by their customers. The definitions of class of retailers shall be those contained in Revised Maximum Price Regulation Nos. 238 and 268.

SEC. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this

SEC. 5 Revocation. This order replaces any previous order, covering any of the food items in the area covered by this order for which ceiling prices are established thereby, heretofore issued by the Regional Administrator of Region II or by the District Director of this District.

Sec. 6 Effective date. This order becomes effective May 17, 1943.

SEC. 7 The community (dollars-andcents) ceiling prices established. The following is a list of the food items and the community (dollars-and-cents) ceiling prices thereof.

Sec. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class I retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers. The definitions of class of retailers shall be those contained in Revised Maximum Price Regulations 238 and 268.

Sec. 4 Applicability of General Order 51. This order is subject to all the provisions of General Order 51, which are hereby made a part of this order.

Sec. 5 Revocation. This order replaces any previous order, covering any of the food items in the area covered by this order for which ceiling prices are established thereby, heretofore issued by the Regional Administrator of Region II or by the District Director of this District.

SEC. 6 Effective date. This order becomes effective May 17, 1943.

SEC. 7 The community dollars-and-cents ceiling prices established. The following is a list of the food items and the community (dollars-and-cents) ceiling prices thereof:

SEC. 2 Application to other sellers. No seller, except a "retail route seller", may charge more than these community "dollars-and-cents" ceiling prices. 'Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores." All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulations.

SEC. 3 Posting—(a) Selling prices.

SEC. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Maximum Price Regulation Nos. 233 and 268, as the same may be revised from time to time.

Sec. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

Sec. 5 Effective date. This order becomes effective on May 10, 1943.

Sec. 6 The community "dollars-and cents" ceiling prices established. The following is a list of the food items and the community ceiling prices thereof:

[Detroit Order 2 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR DESIGNATED COUNTIES IN MICHIGAN

Section 1 What this order does. In accordance with the provisions of General Order No. 51, this order establishes in section 7, "dollars-and-cents" ceiling prices for certain food items sold at retail in the following areas: Wayne, Oakland, Macomb Counties of the State of Michigan.

Sec. 2 Applicability. No seller, except a "retail route seller", may charge more than the celling prices fixed herein for his particular class of retailers as defined in section 4 hereof. Retail route sellers may continue to charge their present celling prices. The celling prices fixed herein for a class of retailers shall be the only celling prices for such food items for all sellers in that class. All other sellers must continue to charge no more than any lower celling prices established by any other applicable price regulations.

Sec. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All retail stores must post in a conspicuous place in the store, a list of the ceiling prices for such food items, when such list is supplied by the Office of Price Administration.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign showing the appropriate class of retailers which sign will read "OPA-1", "OPA-2", "OPA-3", or "OPA-4" whichever applies, so that it can be clearly seen by their customers.

Sec. 4 Definitions of classes of retailers. For the purpose of this order

retailers are divided into the following four classes:

(a) Class 1. "Independent" retail stores with "annual gross sales" of less than \$50,000. A retail store shall be an "independent" retail store if it is not one of a group of 4 or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

gross sales" are \$500,000 or more.

(b) Class 2. "Independent" retail stores with "annual gross sales of \$50,-000 or more, but less than \$250,000.

(c) Class 3. Retail stores, other than "independent" retail stores, with "annual gross sales" of less than \$250,030.
(d) Class 4. Any retail store with

"annual gross sales" of \$250,000 or more.
Other sellers not retail stores shall find their class according to their 1942 volume of retail sales of all foods. (See section 21 of Revised Maximum Price Resulation No. 233 for the meaning and method of determining "annual gross sales".)

Sec. 5 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

SEC. 6. Effective date. This order becomes effective on May 17, 1943.

SEC. 7. "Dollars-and-cents" ceiling prices established. The following is a list of the food items and the ceiling prices thereof:

This order shall become effective May 17, 1943.

9250, 7 F.R. 7871; E.O. 51, 8 F.R. 6008)

Issued this 15th day of May 1943.

JAMES A. KENNEDY, Acting District Director, Detroit District.

[F. R. Doc. 43-7970; Filed, May 19, 1943; 4:46 p. m.]

[Wheeling Order 1 Under Gen. Order 51] COMMUNITY CEILING PRICES FOR CERTAIN COUNTIES IN W. VA.

Sec. 1 What this order does. In accordance with the provisions of General Order No. 51, this order establishes in section 6, community "dollars-andcents" ceiling prices for certain food items sold in class 1 retail stores located in the following area: any part of Ohio County, West Virginia and that part of Marshall County, West Virginia, comprising the municipalities of Benwood, McMechen, Glendale and Moundsville.

For the purpose of this order, a "class 1" retail store is an "independent" retail (Pub. Laws 421 and 729, 77th Cong.; E.O. -store with an annual gross volume of sales of less than \$50,000. A retail store shall be an "independent" retail store if it is not one of a group of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more. A retailer who sells food at retail from an inventory stocked in . trucks or other conveyances operated by driver-salesmen over regular routes is not subject to this order for the listed foods he sells in this manner.

> Sec. 2 Application to other sellers. No seller except a "retail route seller", may charge more than these community "dollars-and-cents" ceiling prices. Retail route sellers may continue to charge no more than their present ceiling prices. The community ceiling prices shall be the only ceiling prices for the listed food items for "Class 1 retail stores". All other sellers must continue to charge any lower ceiling prices es-

· tablished by any other applicable price regulations.

Sec. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their celling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2", "OPA-3" or "OPA-4" whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Maximum Price Regulation Nos. 238 and 263, as the same may be revised from time to time.

Sec. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

Szc. 5 Effective date. This order becomes effective on May 10, 1943.

Sec. 6 The community "dollars-andcents" ceiling prices established for class 1 retail stores. The community prices are established for a group of food products as hereinafter specifically set forth. These food commodities are described by brands, sizes, method of packaging and, where appropriate, by types, grades, weights or other classifications. For any item for which a "dollars-and-cents" price is not fixed in the succeeding paragraphs of this section, a class 1 retailer shall confinue to determine his calling prices under the applicable price regulations issued by the Office of Price Administration. (For example, a class 1 retailer might carry in stock a brand of coffee named "XYZ" brand. Such brand is not listed in this order and the retailer must determine his ceiling price for that brand under the provisions of Maximum Price Regulation No. 238. On the other hand, if a class 1 retailer sells any type of standard commercial refined lard, bulk or packaged in 1, 2 or 4 pound cartons, he must use the prices listed in this order.)

by the Office of Price Administration.

(c) Class of stores. All retail stores selling any of the food items listed below must post a sign showing the appropriate class of retailers, which sign will read "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers.

Sec. 4 Definitions of classes of retailers. For the purpose of this order, retailers are divided into the following

four classes:

(a) Class I. "Independent" retail stores with "annual gross sales" of less than \$50,000. A retail store shall be an "independent" retail store if it is not one of a group of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

(b) Class II. "Independent" retail stores with "annual gross sales" of \$50,-000 or more, but less than \$250,000.

(c) Class III. Retail stores, other than "independent" retail stores, with "annual gross sales" of less than \$250,000.

(d) Class IV. Any retail store with "annual gross sales" of \$250,000 or more.

(e) Farmers and other sellers. Farmers shall be considered class I retailers for retail sales. Other sellers not retail stores shall find their class according to their 1942 volume of retail sales of all foods. (See section 21 of Revised Maximum Price Regulation 238 for the meaning and method of determining "annual gross sales.")

Sec. 5 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

Sec. 6 Effective date. This order becomes effective on May 17, 1943.

Sec. 7 The dollars-and-cents ceiling prices established. The following is a list of food items and the ceiling prices thereof for class I and class II stores in cents per unit:

[Tampa Order 1 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR GREATER
TAMPA AREA, FLORIDA

SECTION 1 What this order does. In accordance with the provisions of General Order No. 51, this order establishes in section 7, community (dollars-and-cents) ceiling prices for certain food items sold in Class 1 retail stores located in the following area:

All of that area included within the corporate limits of the City of Tampa, Hillsborough County, Florida, and certain areas adjoining said city, more particularly described as follows:

1. Beginning at a point where the main line of the Seaboard Air Line Rallroad intersects the Easternmost boundary of said City of Tampa in the South Half (S½) of Section Sixteen (16), Township Twenty-nine (29) South, Range Nineteen (19) East, Hillsborough County, Florida; running thence in an Easterly direction along the center line of the said railroad to the point where it intersects the East boundary of Section Fourteen (14), Township Twenty-nine (29) South, Range Nineteen (19) East; thence North along the East boundaries of Sections Fourteen (14), Eleven (11) and Two (2) in said Township and Range, continuing North along the East boundaries of Sections Thirty-five (35), Twenty-six (26) and Twenty-three (23) of Township Twenty-eight (28) South, Range Nineteen (19) East to the Southerly bank of the Hillsborough River; thence in a Westerly direction following the course of said river toward its mouth to a point where it is crossed by the Tampa Northern Railroad (Seaboard Air Line Railroad) in Section Thirty (30), Township Twenty-eight (28) South, Range Nineteen (19) East; thence in a Northwesterly direction along the center line of said railroad until, it forks at or near Temple Terrace Highway; thence following the Westerly curve and proceeding in a Westerly direction along the center line of the Tampa and Gulf Coast Railroad (Seaboard Air Line Railroad) to a point where it would be intersected by the center line of North Habana Avenue if said Avenue were extended North to said railroad; thence South along the center line of said North Habana Avenue as extended and said Avenue to Tampa Bay Boulevard, the Northerly boundary of the City of Tampa.

2. All of that area not included within the

2. All of that area not included within the corporate limits of the City of Tampa lying South of Cypress Avenue as extended to the shores of Old Tampa Bay, including all of that area lying between Hillsborough Bay and Old Tampa Bay, and further including the Interbay Peninsula.

The above described area will be known as the Greater Tampa Retail Trade Area, and without limiting or broadening the specific description of said area as set forth above, but for the purpose of general simplicity, said area extends in an Easterly direction to Six Mile Creek; in a Northerly direction to the Hillsborough River and the Tampa and Gulf Coast Railroad, including Sulphur Springs; in a Westerly direction to Habana Avenue

(North of the city limits); and includes all of the area South of Cypress Avenue, West of the City limits and between the two bays.

Sec. 2 Application to other sellers. No seller except a "retail route seller", may charge more than these community (dollars-and-cents) ceiling prices. Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores". All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulation.

SEC. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA 1", "OPA 2", "OPA 3", or "OPA 4" whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Revised Maximum Price Regulation Nos. 238 and 268, which are as follows:

(1) "Class 1 retail store" is an "independent" retail store with annual gross sales of less than \$50,000. A retail store shall be an "independent" retail store if it is not one of a group of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

(2) "Class 2 retail store" is an independent retail store with annual gross sales of \$50,000 or more, but less than \$250,000.

(3) "Class 3 retail store" is a store with annual gross sales of less than \$250,000 which is not an independent store

(4) "Class 4 retail store" is a store having annual gross sales of \$250,000 or more.

SEC. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

SEC. 5 Revocation. This order may be revoked, amended or corrected at any time.

SEC. 6 Effective date. This order becomes effective on May 10, 1943.

Sec. 7 The community (dollars-and-cents) ceiling prices established. The following is a list of the food items and the community ceiling prices thereof:

[New Mexico Order 2 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR GALLUP AREA, NEW MEXICO

Section 1 What this order docs. In accordance with the provisions of General Order No. 51 and Region VII Delegation Order No. 9, this order establishes in section 7, community (dollars-and-cents) ceiling prices for certain food items sold in class 1 retail stores located in the following areas:

That portion of McKinley County, New Mexico, located within a distance of six miles from the point of junction of United States Highway 66 and United States Highway 668 within said county, including, but not limited to, the City of Gallup, New Mexico.

Sec. 2 Application to other sellers. No seller except a "retail route seller", may charge more than these community (dollars-and-cents) celling prices. Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores". All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulations. Lower prices may be charged.

Sec. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on

.31

. 37

the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable price reg-

ulation fixing their ceiling prices.
(c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Revised Maximum Price Regulations Nos. 238 and 268, under which all independent retail outlets with an annual gross sales volume of \$50,000.00 or less are class one retail stores.

Sec. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this or-

Sec. 5 Effective date. This order becomes effective on May 11, 1943.

Region VIII.

[Portland Order 1 Under Gen. Order 1]

COMMUNITY CEILING PRICES FOR CERTAIN AREAS IN OREGON AND WASHINGTON

The Portland, Oreg. District Office, Region VIII of the Office of Price Administration has issued the following Order No. 1 under General Order No. 51.

SECTION 1 What this order does. In accordance with the provisions of General Order No. 51, this order establishes in section 6, community dollars-andcents ceiling prices for certain food items

sold in class 1 retail stores, located in the following areas: •
1. The City of Portland, Oregon.

2. That portion of Multnomah County outside of the city limits of Portland that lies west of the Willamette River; and that portion of Multnomah County, including the town of Gresham, outside the city limits of Portland that lies east of the Willamette River, to 100 feet north or east, as the case may be, of the follow-ing boundary on the east: beginning at the Columbia River, then south on a direct line with 145th Avenue to N. E. Halsey Street; then east on N. E. Halsey Street to Birdsdale Road; then south on Birdsdale Road to Baseline Road; then east on Baseline Road to Troutdale Road; then south on Troutdale Road to Boring Road; then continuing south on Boring Road to the line between Multnomah County and Clackamas County; then west on this county line to the Willamette River.

3. That portion of Clackamas County that lies within the boundaries established by the north bounds of Clackamas County, the West Pacific Highway, and the Willamette River, and including the area within the incorporated limits of the towns of Oswego and West Linn; and that portion of Clackamas County, including the towns of Oregon City, Milwaukie, and Gladstone, that lies east of the Willamette River, and south of the Multnomah County line, as bounded on the east by a distance 100 feet east or south, as the case may be, of the 82nd Street Rbad, and on the south by the south city limits of Oregon City.

4. The City of Vancouver, Washington. Sec. 2 Application to other sellers. No seller, except a "retail route seller" may charge more than these community dollars-and-cents ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class I retail stores." All other sellers must continue to charge no more than the lower ceiling prices established by any other applicable price regulations.

Sec. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item, or at or near the place where

such food item is offered for sale.

(b) Ceiling prices. All Class I retail stores must post in a conspicuous place in the store, a list of the community celling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign "OPA-1", "OPA-2", "OPA-3", or "OPA-4" whichever applies, the table to be seen along the the start of the seen along the so that it can be seen clearly by their customers. The definition of class of retailers shall be those contained in revised Maximum Price Regulations Nos. 238 and 268.

SEC. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this

[F. R. Doc. 43-8055; Filed, May 20, 1943; 3:42 p. m.] [Seattle Order 1 Under Gen. Order 51 as Corrected 1] COMMUNITY CEILING PRICES FOR SEATTLE, WASHINGTON ... SECTION 1 What this order does. In accordance with the provisions of Generp! Order No. 51, this order establishes in section 6 community (dollars-and-cents) ceiling prices for certain food items sold in class 1 retail stores located in the following areas: Corporate limits of the City of Seattle, Washington. Sec. 2 Application to other sellers. No seller except a "retail route seller," may charge more than these community (dollars-and-cents) ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores." All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulations. SEC. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale. (b) Ceiling prices. All class 1 retail stores must post in a conspicuous place in the store a list of the community ceiling prices for such food items when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices. · (c) Class of store. All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2" "OPA-3" or "OPA-4" whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Revised Maximum Price Regulation Nos. 238 and 268. SEC. 4 Applicability of General Order No. 51. This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order. SEC. 5 Effective date. This order becomes effective May 10, 1943. Sec. 6 The community (dollars-andcents) ceiling prices established. The following is a list of the food items and the community ceiling prices thereof: CEILING PRICES, SEATTLE, WASH.

UNITED LIGHT AND RAILWAYS COMPANY ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING AND ORDER OF CONSOLIDA-

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of May 1943.

In the matter of The United Light and Railways Company, Continental Gas & Electric Corporation, Iowa-Nebraska Light and Power Company, Iowa Power and Light Company, Des Moines Electric Light Company, File No. 70-717; Illinois Iowa Power Company, File No. 70-704.

The Commission having, by order dated April 14, 1942, directed, among other things, that Illinois Iowa Power Company ("Illinois Iowa Power"), a registered public utility holding company, sever its relationship with Des Moines Electric Light Company ("Das Moines Electric"), a registered holding company, and Iowa Power and Light Company ("Towa Power"), a public utility subsidiary of Des Moines Electric, in an appropriate manner not in contravention of the applicable provisions of the Act or the Rules, Regulations and Orders pro-

mulgated thereunder:

Notice is hereby given that the abovenamed companies and The United Light and Railways Company, a registered holding company and a subsidiary of The United Light and Power Company, also a registered holding company, Con-tinental Gas & Electric Corporation ("Continental"), a registered holding company and a subsidiary of The United Light and Railways Company, and Iowa-Nebraska Light and Power Company ("Iowa Nebraska Light"), a subsidiary of Continental, have filed with this Commission applications and declarations pursuant to sections 6, 7, 9, 10, 11 and 12 of the Act and Rule U-42, U-43, U-44, **U-45, U-46** and **U-50,** and any other applicable sections of the Act or Rules thereunder with respect to various proposed transactions, all as more particularly hereinafter described, designed to accomplish the disposition of all interest, direct and indirect, of Illinois Iowa Power in Iowa Power and Des Moines Electric. and the direct or indirect acquisition of such interest by Continental;

All interested persons are referred to said documents, which are on file in the office of this Commission, for a full statement of the transactions therein proposed which are summarized as follows:

(1) Continental, pursuant to an agreement dated March 1, 1943, will purchase from Illinois Iowa Power for \$10,210,000 in cash all the outstanding shares (335,-000) of common stock, without par value, stated value \$20 per share, of Des Moines Electric, and all the outstanding shares (\$250,000) of common stock, par value \$10 per share, of Iowa Power; Illinois Iowa Power will acquire the latter shares as a partial liquidating dividend from Des Moines Electric;

(2) Continental will transfer to Iowa Power all the shares of capital stock of Des Moines Electric acquired by it in the preceding transaction, and Iowa Power will issue to Continental 486,160 additional shares of its common stock at par (\$10 per share) in exchange for such stock of Des Moines Electric;

(3) Iowa Power will purchase from Illinois Iowa Power, for \$5,010,000 in cash, \$1,750,000 principal amount of 5% Mortgage Bonds of Des Moines Electric, \$3,000,000 of open account indebtedness

owing by Des Moines Electric to Illinois Iowa Power, and \$260,000 par amount of 7% Comulative Preferred Stock of Iowa Power now owned by Illinois Iowa Power;

(4) Iowa Power, owning as a result of the foregoing transactions all the outstanding securities of Des Moines Electric, will cause Des Moines Electric to be liquidated by distributing all its property and assets to Iowa Power which will surrender the outstanding securities of Des Moines Electric for cancellation and will assume all the liabilities of Des Moines Electric which will then be dissolved:

(5) Iowa Power will acquire from Iowa-Nebraska Light all of the property and assets of that company located in the State of Iowa by paying to Iowa-Nebraska Light approximately \$1,000,000 in cash, by issuing and delivering 462,500 additional shares of its common stock to Iowa-Nebraska Light at par, and by ascuming the liabilities and obligations appertaining to the property and business acquired:

(6) Iowa-Nebraska Light will pay its indebtedness in the amount of \$523,055 to Continental and will effect a partial liquidation by distributing to Continental \$1,500,000 in cash, the 462,500 shares of common stock of Iowa Power acquired by it in the preceding transaction, and all securities of Maryville Electric Light and Power Company now owned by Iowa-Nebraska Light. In connection with this transaction, Continental will surrender to Iowa-Nebraska Light for cancellation 68,650 shares of the common stock of Iowa-Nebraska Light now owned by Continental, and, in addition, Continental will transfer to Iowa-Nabraska Light, as a credit to paid-in surplus, 10,758 shares of common stock (\$100 par value) of Iowa-Nebraska Light; the earned surplus deficit of Iowa-Nebraska Light, in the amount of \$1,075,735, will be written off against this paid-in surplus;

(7) Iowa Power proposes to issue and sell at competitive bidding \$17,000,000 principal amount of 314% First Mortgage Bonds, due 1973, and to borrow \$2,500,000 from one or more commercial banks, such loan to be evidenced by promissory notes bearing interest at a rate to be determined and maturing in ten equal annual installments. With a portion of the proceeds obtained from this financing, Iowa Power proposes to redeem all of its presently outstanding bonds, in the principal amount of \$11,-232,000, and \$1,013,000 par amount of its publicly held 7% Cumulative Preferred Stock.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters, and that said declarations shall not become effective nor caid applications be granted except pursuant to further order of this Commission; and

It further appearing to the Commission that the issues presented by the declarations and applications of Illinois Iowa Power Company (File No. 70-704) and by The United Light and Railways Company, et al. (File No. 70-717) involve common questions of law and fact and should be consolidated and heard to-

It is ordered, That the proceedings in both matters be, and they hereby are consolidated, and that a consolidated hearing under the applicable provisions of said Act and Rules of the Commission thereunder be held on June 9, 1943, at 10:00 a.m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as the hearing room clerk in Room 318 will at that time advise. At such hearing cause shall be shown why such declarations and applications shall become effective or shall be granted. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by its Rules of Practice, Rule XVII, on or before June 7, 1943.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of the issues presented by said declarations and applications otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following

matters and questions:

- 1. Whether the consideration to be paid by Continental, directly or indirectly, and to be received by Illinois Iowa Power for the securities to be acquired from such latter company by Continental is reasonable and fair and bears a fair relation to the sums invested in or the earning capacity of the utility assets underlying the securities to be acquired;
- competitive conditions 2. Whether have been maintained in the negotiation of the proposed acquisition of securities from Illinois Iowa Power;
- 3. Whether the consideration to be paid by Iowa Power for the property and assets of Iowa-Nebraska Light located in the State of Iowa is reasonable and bears a fair relation to the sums invested in or the earning capacity of the utility assets to be acquired;
- Whether the proposed acquisitions by Iowa Power and by Continental will serve the public interest by tending towards the economical and efficient development of an integrated public-utility system and whether they meet the requirements of the other applicable provisions of Section 10 of the Act;
- 5. Whether the proposed acquisitions of securities and utility assets are detrimental to the carrying out of the provisions of Section 11 of the Act;
- 6. Whether the proposed capital dis-tribution in partial liquidation of Iowa-Nebraska Light will impair the financial integrity or working capital of Iowa-Nebraska Light or will otherwise be detrimental to the public interest or the

interest of investors or consumers or the proper functioning of such company:

7. Whether the proposed securities of Iowa Power will be reasonably adapted to the security structure and earning power of such company, and, generally, whether such securities comply with the standards of Section 7 of the Act;

8. Whether it is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors or consumers, with particular attention to all accounting entries in connection with the proposed transactions, to intangibles and other inflationary items in the property and other accounts, to property which is not used or useful in the performance of utility services, to the adequacy of the depreciation reserves and to the adequacy of the proposed annual provision for maintenance and depreciation;

9. Generally, whether, in any respect, the proposed transactions are detrimental to the public interest or to the interest of investors or consumers or will tend to circumvent any provisions of the Act or the Rules, Regulations or Orders

promulgated thereunder;

It is further ordered, That notice of this hearing be given to the applicants and declarants, and to all other persons; said notice to be given to the declarants and applicants and to the Mayor of the City of Des Moines, Iowa, by registered mail, and to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication in the FEDERAL REGISTER;

It is further ordered, That jurisdiction be and is hereby reserved to separate, whether for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters hereinbefore set forth or which may arise in this proceeding, or to consolidate with these proceedings other filings or matters pertaining to the subject matter of this proceeding, or to take such other action as may appear conducive to an orderly, prompt and economical disposi-tion of the matters involved.

By the Commission.

KENTUCKY UTILITIES COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of May, A. D. 1943.

Notice is hereby given that an application and amendment thereto have been filed with this Commission by Kentucky Utilities Company, a registered holding company, subsidiary of The Middle West Corporation, also a registered holding company, for the exemption of Kentucky Utilities Company from the provisions

of the Public Utility Holding Company Act of 1935 pursuant to section 3 (a) (2) thereof, upon the ground that it is predominantly a public utility company whose operations as such do not extend beyond the State of Kentucky, in which it is organized, and the contiguous State of Tennessee. Kentucky Utilities Company also requests that the effectiveness of its Notification of Registration filed with the Commission on or about December 9, 1938 (File No. 30-161) be terminated. All interested persons are referred to said application, which is on file in the office of this Commission, for a statement of the claims therein made, which are summarized as follows:

Kentucky Utilities Company, a Kentucky corporation, with its principal office at Lexington, Kentucky, conducts the business of generating, purchasing, transmitting, distributing and selling electric energy; purchasing and distributing natural gas in two communities; manufacturing and distributing gas in three communities; operating water plants and distributing water in thirteen communities; manufacturing and selling ice; and, in one community, operating a bus system. All such business is conducted in the State of Kentucky except that at two points the transmission system extends a short distance into Tennessee, and three of the communities served with electricity are located in Tennessee, adjacent to the Kentucky line.

The following five corporations are subsidiary companies of Kentucky Utilities Company, and do business as follows:

(1) Old Dominion Power Company, a Virginia corporation, with its principal office at Norton, Virginia, conducts the business of generating, purchasing, transmitting, distributing and selling electric energy in three counties in southwestern Virginia adjoining the Kentucky line.

(2) Old Dominion Ice Corporation (all of whose securities are owned by Old Dominion Power Company), a Virginia corporation, with its principal office at Norton, Virginia, conducts the business of manufacturing and selling ice in five communities in southwestern Virginia.

(3) South Fulton Light and Power Company, a Tennessee corporation, with its principal office at South Fulton, Tennessee, conducts the business of purchasing distributing and selling electric energy in the Town of South Fulton, immediately adjacent to and constituting a part of the same community as Fulton. Kentucky.

(4) Dixie Power & Light Company, a Tennessee corporation, with its principal office at Tazewell, Tennessee, conducts the business of purchasing, transmitting, distributing and selling electric energy in four communities in Claiborne County, Tennessee and territory immediately adjoining the Kentucky line.

(5) Lexington Gas Company, a Kentucky corporation, with its principal office in Lexington, Kentucky, is not actively engaged in any business but owns

a perpetual franchise for the distribu-

tion of gas in Lexington.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters, and that said application shall not be granted except pursuant to further order of this Com-

It is ordered, That a hearing on such matters under the applicable provisions of the Act and rules of the Commission thereunder be held on June 14, 1943, at 10 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa. On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such application shall be granted.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for

that purpose shall preside at the hearings on such matters. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial

examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said application otherwise to be considered in this proceeding, particular attention will be directed at the hearings to the following matters and questions:

(1) Whether Kentucky Utilities Company is predominantly a public-utility

company.

(2) Whether the operations of Kentucky Utilities Company as a public-utility company extend beyond the State in which it is organized, and States contiguous thereto.

(3) Whether exemption of Kentucky Utilities Company from any provision or provisions of the Public Utility Holding Company Act of 1935 would be detrimental to the public interest or the interest of investors or consumers

It is further ordered, That notice of said hearing is hereby given to Kentucky Utilities Company, Old Dominion Power Company, Old Dominion Ice Corporation, South Fulton Light and Power Company, Dixie Power & Light Company and Lexington Gas Company, to their respective security holders and consumers. to all States, municipalities, and political subdivisions of States within which are located any of the physical assets of said companies or under the laws of which any of said companies are incorporated, all State Commissions, State Securities Commissions and all agencies, authorities, or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over any of said companies, or over any of the business, affairs, properties or operations of any of them; that the Secretary of the Commission shall serve notice of said hearing by mailing a copy of this order by registered mail to Kentucky Utilities Company, Old Dominion Power - [F. R. Doc. 43-8059; Filed, May 21, 1943; Company, Old Dominion Ice Corpora-

tion, South Fulton Light and Power Company, Dixie Power & Light Company and Lexington Gas Company, not less than 15 days prior to the date hereinbefore fixed as the date of hearing; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Act; and that further notice shall be given to all persons by publication in the FEDERAL REGISTER, not less than 15 days prior to the date hereinbefore fixed as the date of hearing.

It is further ordered, That any person proposing to intervene or to be heard in these proceedings shall file with the Secretary of the Commission on or before June 7, 1943, his request or application therefor, as provided by Rule XVII of the Rules of Practice of the Commission.

FINDINGS AND ORDER WITHDRAWING SECURI-TIES FROM REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 20th day of May, A. D. 1943.

This proceeding having been instituted pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, to determine whether or not the Commission should suspend or withdraw the registration of the common and preferred stock, \$1 par value, of Buckeye Union Oil Company, listed and registered on the Los Angeles Stock Exchange, a na-

tional securities exchange;

A hearing having been held after appropriate notice to the registrant and the Los Angeles Stock Exchange; the trial examiner having filed an advisory report finding that the registrant has failed to comply with the provisions of section 13 of the Act and Rules X-13A-1 and X-13A-2 promulgated pursuant thereto in that it has failed to file its annual report on Form 10-K for the fiscal year ended December 31, 1941; no exceptions to the trial examiner's report having been filed; the Commission having adopted the trial examiner's findings as being in accord with the evidence. and finding that it is necessary and appropriate for the protection of investors to withdraw the said stock from registration;

It is ordered, pursuant to section 19 (a) (2) of the said Act, that the registration of said stock in question be, and the same hereby is, withdrawn, effective ten days after the date of this order.

ELECTRIC BOND AND SHARE COMPANY ET AL. NOTICE OF AND ORDER RECORVENING HEAPING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 18th day of May, A. D. 1943.

In the matter of Electric Bond and Share Company, American Power & Light Company, Pacific Power & Light Company, Electric Power & Light Corporation, Utah Power & Light Company, National Power & Light Company, American & Foreign Power Company, Inc., Ebasco Services Incorporated, respondents, File No. 59-12.

The Commission having on May 9, 1940 instituted the above-entitled proceeding under section 11 (b) (2) of the Public Utility Holding Company Act of 1935 against Electric Bond and Share Company and various of its subsidiary companies; and

Hearings having been held and concluded with respect to certain of the issues in said proceeding, and the Commission having handed down its findings, opinion and order with respect thereto; and

It appearing appropriate to the Commission that hearings be reconvened in the said proceeding with respect to certain of the issues remaining therein; and

The Commission having information in its official files tending to establish the following facts:

1. American Gas and Electric Company, a subsidiary of Electric Bond and Share Company, is a registered holding company, organized under the laws of the State of New York.

2. American Gas and Electric Company has 25 subsidiary companies, of which 13 are public-utility companies within the meaning of the Act. The holding company system of American Gas and Electric Company serves with electricity approximately 1,926 communities, having an aggregate population of approximately 3,500,000 in the States of Indiana, Kentucky, Michigan, New Jersey, Ohio, Pennsylvania, Tennessee, Virginia and West Virginia and is also engaged in various other businesses including the holding and owning of real estate, coal mining, heating and transportation.

3. American Gas and Electric Company owns all of the outstanding securities of its subsidiary company, American Gas and Electric Service Corporation, which performs service sales and construction contracts for associate companies in the holding company system of Ar. erican Gas and Electric Company.

4. Neither Electric Bond and Share Company nor any of its subsidiary companies, except American Gas and Electric Company and its subsidiary companies, performs any function, other than that of the exercise of control or controlling influence, with respect to American Gas and Electric Company or any of its subsidiary companies.

5. The outstanding securities of American Gas and Electric Company at December 31, 1942 were as follows:

Sinking fund debentures:

434 % Cumulative Preferred Stock:

355,623 shares (\$100 Par Value)_ 35, 562, 300 Common Stock:

4,432,737 shares (\$10 Par Value) ...

..... 44, 827, 370 The preferred and common stocks are each entitled to one vote per share. Electric Bond and Share Company owns 46,985 shares of the common stock or 17.51% of the outstanding voting securities.

6. In its Findings and opinion with respect to the application of American -Gas and Electric Company under section 2 (a) (8) of the Act (Holding Company Act Release No. 2749), this Commission

Bond and Share's investment in the applicant represents approximately 5 percent of the total investment by all persons or cor-porations in American Gas and its subsidiaries as shown by their books, the total investment being approximately \$425,000,000, of which Bond and Share's holdings represent approximately \$23,000,000. These facts indicate that Bond and Share's control or controlling influence has been "exerted through disproportionately small investment" (see section 1 (b) (3) of the Act).

7. American & Foreign Power Company, Inc., a subsidiary of Electric Bond and Share Company, is a registered holding company organized under the laws of the State of Maine.

8. American & Foreign Power Company, Inc. has 104 subsidiary companies. of which 74 are public-utility companies in the countries of Argentina, Brazil, Chile, China, Colombia, Costa Rica, Cuba, Ecuador, Guatemala, India, Mexico, Pan-ama and Venezuela. The holding company system of American & Foreign Power Company, Inc., through the medium of its various subsidiary companies is also engaged in various other businesses in said foreign countries.

9. On February 4, 1943, effective as of the close of business on January 31, 1943, Electric Bond and Share Company, with the approval of this Commission by order dated January 22, 1943 (Holding Company Act Release No. 4070), caused its wholly-owned subsidiary, Ebasco Services Incorporated, to transfer to Ebasco International Corporation, a whollyowned subsidiary company of American & Foreign Power Company, Inc., all of the assets including service contracts of the International Division of Ebasco Services Incorporated, which had previously rendered services to subsidiary companies of American & Foreign Power Company, Inc.

10. Neither Electric Bond and Share Company nor any of its subsidiary companies, except American & Foreign Power Company, Inc. and its subsidiary companies, performs any functions, other than that of the exercise of control or controlling influence, with respect to American & Foreign Power Company, Inc. or any of its subsidiary companies.

11. Several of the subsidiary companies of American & Foreign Power Company, Inc., which itself is a subsidfary of Electric Bond and Share Company, are holding companies. In addiion, several of the subsidiary companies of American & Foreign Power Company, Inc. have subsidiary companies which re holding companies.

12. The outstanding securities of American & Foreign Power Company, nc. at December 31, 1942 and the repective holdings of Electric Bond and share Company and the public therein re as follows:

American & Foreign Power Company, Inc.	Assigned or minimum liquidating value of securities	Electric Bond and Share Company	Public
Long Term Debt. Notes Payable. Preferred Stocks. 2nd Preferred Stocks. Common Stocks	\$50, 000, 000 38, 100, 000 82, 813, 714 163, 801, 294 42, 320, 444	\$35, 620, 000 7, 611, 040 223, 400, 755 17, 893, 084	\$50, 000, 000 2, 480, 000 75, 207, 674 45, 400, 539 24, 427, 360
Total	482, 040, 452	284, 524, 879	197, 515, 573

The accumulated dividend arrearages on the preferred stocks and second preferred stocks aggregate \$56,169,744 and \$222,676,551 respectively, or a total of \$280,846,295. All of the voting power in the corporation is vested in the common stock of which Electric Bond and Share Company owns 42.28%.

It appearing appropriate to the Commission that the issues to be considered at the reconvened hearings herein be those hereinafter set forth:

It is ordered, That the hearings in the above-entitled proceeding shall be reconvened on June 9, 1943, at 10:30 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk will advise as to the room where such hearing will be held.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the reconvened hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (e) of said Act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That any person desiring to be heard at said reconvened hearing or proposing to intervene herein shall file with the Secretary of the Commission on or before June 2, 1943 his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That the issues to be considered at said reconvened hearing shall be as follows:

1. Whether the facts set forth in paragraphs numbered "1" to "12" inclusive, above, are true and accurate.

2. Whether Electric Bond and Share Company's continued existence as a holding company with respect to American Gas and Electric Company, and its subsidiary companies, unduly or unnecessarily complicates the structure of, or unfairly or inequitably distributes voting power among the security holders

of, the holding company system of Electric Bond and Share Company or American Gas and Electric Company.

3. Whether Electric Bond and Share Company's continued existence as a holding company with respect to American & Foreign Power Company, Inc., and its subsidiary companies, unduly or unnecessarily complicates the structure of, or unfairly or inequitably distributes voting power among the security holders of, the holding company system of Electric Bond and Share Company or American & Foreign Power Company, Inc.

4. Whether Electric Bond and Share Company should be directed to take appropriate action in order to ensure that it shall cease to be a holding company with respect to American Gas and Electric Company and American & Foreign Power Company, Inc. and their respec-

tive subsidiary companies. 5. (a) Whether prior to Electric Bond and Share Company's ceasing to be a holding company with respect to American & Foreign Power Company, Inc., and its subsidiary companies, Electric Bond and Share Company and American & Foreign Power Company, Inc. should be required to take appropriate action to ensure that the corporate structure of American & Foreign Power Company, Inc. shall not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of its holding company system; (b) whether such action should include a recapitalization or reorganization of American & Foreign Power Company, Inc.; and (c) if such recapitalization or reorganization is required, what shall constitute a fair and equitable recognition of the respective claims in and against American & Foreign Power Company, Inc. therein.

It is further ordered, That the issues first to be considered at the reconvened hearings shall be those with respectito the relation between Electric Bond and Share Company and American Gas and Electric Company and its subsidiary companies and the action which may be appropriate with respect thereto. Jurisdiction is reserved to separate, either for hearing in whole or in part, or for disposition in whole or in part, any of the other issues or questions which may arise in these proceedings and to take such other action as may appear conducive to an orderly, prompt and economic disposition of the matters involved.

By the Commission.

NORTH CONTINENT UTILITIES CORPORATION ET AL.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 20th day of May, A. D. In the matter of North Continent Utilities Corporation and Subsidiary Companies, applicants, file No. 54-74, and in the matter of North Continent Utilities Corporation and Subsidiary Companies, respondents, file No. 59-69.

Notice of filing and order for hearing on plan filed pursuant to section 11 (e); notice of and order for hearing pursuant to sections 11 (b) (1), 11 (b) (2). 15 (f) and 20 (a) of The Public Utility Holding Company Act of 1935 and order consolidating proceedings.

Ι

Notice is hereby given that North Continent Utilities Corporation, a registered holding company, has filed an application and amendments thereto pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("Act") for approval of a plan, the purpose of which is to effect compliance by North Continent Utilities Corporation and its subsidiary companies with the provisions of sections 11 (b) (1) and 11 (b) (2) of said Act.

All interested persons are referred to said plan which is on file at the office of this Commission for a statement of the transactions therein proposed, which are

summarized as follows:

North Continent proposes to dispose of its interests in its subsidiaries, either through the sale of their securities or their assets. The proceeds of such sales are to be used to retire or redeem its First Lien Collateral and Refunding 5½% Bonds, due 1948, and thereafter, to retire, on a fair and equitable basis, its \$7 non-cumulative convertible Preferred Stock. If, when all of the outstanding Bonds and Preferred Stock shall have been retired, there should be any remaining assets, such remaining assets will be distributed (either in kind or after sale, the proceeds thereof) pro rata among the holders of the Common Stock. It is also proposed that the Bonds and Preferred Stock of North Continent may be retired through the distribution of subsidiary securities in kind, in the event such procedure is deemed to be advis-

After the disposition or distribution by North Continent of all its properties and assets, North Continent proposes to dissolve.

To effectuate its plan of disposing of all of its assets and liquidating and dissolving, North Continent proposes to take the following steps:

- (a) The sale of all of its interests in North Continent Mines, Inc., The S. W. Shattuck Chemical Company, and The Denver Ice & Cold Storage Company and its subsidiaries;
- (b) The sale of its interests in the following utility subsidiary companies:

Elk River Power & Light Company Great Northern Gas Company, Ltd. New Mexico Public Service Company Southern Arizona Public Service Company Highland Utilities Company

(c) The sale or distribution in kind to its security holders of all of its interests in North Shore Gas Company;

(d) North Continent and Great Falls Gas Company propose to take such steps as are necessary to recapitalize and simplify the corporate structure of Great Falls Gas Company for the purpose of fairly and equitably distributing voting power among its security holders. In such recapitalization, it is proposed that the outstanding debt will be reduced substantially and the preferred and common stocks exchanged for a single class of capital stock.

(e) North Continent further proposes to sell or distribute in kind to its security holders, its interests in Great Falls Gas Company, Great Northern Utilities Company and Southern Utilities Company, Limited, or to merge, consolidate or combine said companies into one system (either directly or indirectly through stock control), and either sell or distribute in kind to its security holders, its interests in the merged, consolidated or combined enterprise.

North Continent proposes to carry out the plan, or to cause the plan to be carried out, within the statutory period provided for in section 11 (c) of the Act.

П

The Commission having examined, pursuant to sections 11 (a), 18 (a), and 18 (b) of the Act, the corporate structure of North Continent Utilities Corporation, a registered holding company, and its subsidiary companies, the relationship among companies of said holding company system, the character of the interests thereof and the properties owned or controlled thereby, to determine the extent to which the corporate structure of such holding company system and the companies therein may be simplified, unnecessary complexities therein eliminated, voting power fairly and equitably distributed among the holders of securities thereof, and the properties and business of such system should be confined to those necessary or appropriate to the operations of an integrated public utility

system or systems under the standards of section 11 (b) of the Act; and said examination having disclosed data establishing or tending to establish the following:

1. North Continent Utilities Corporation, a registered holding company, is a corporation organized under the laws of Delaware. It maintains its principal office for doing business in Chicago, Illinois. North Continent Utilities Corporation presently owns or controls 16 subsidiaries, 9 of which are utility and 7 are non-utility companies. The subsidiaries of North Continent Utilities Corporation are engaged in the electric, gas (manufactured and natural), water, ice, coal, coke, oil, feed, cold storage, and telephone business. The operations of the subsidiary companies are conducted within seven widely separated States of the United States and two Provinces of Canada, namely, Arizona, Colorado, Illi-nois, Minnesota, Montana, New Mexico, Wyoming, and the Provinces of Ontario and Alberta, Canada. In 1942, approximately 26% of the total consolidated operating revenues was derived from its non-utility business. The total consolidated assets and deferred charges per books, including North Continent's investments in the securities of the nonconsolidated subsidiaries, as of December

31, 1942, amounted to \$11,248,000.²
2. The names of subsidiary companies precently embraced in the holding company system of North Continent Utilities Corporation, the corporate relationship of the companies within the system to each other, States of their incorporation, the percentage of voting control of such companies held by North Continent Utilities Corporation, the type of business conducted by such companies, and the States of the United States and the Provinces of Canada in which such companies operate are shown in the following

table:

²The accounts of North Continent Mines, Inc., The S. W. Shattuck Chemical Company and North Shore Gas Company are not consolidated. The accets of North Shore Gas Company, 25.4% of whose stock is owned by North Continent, amounted to \$10,956,422, as of December 31, 1942.

Total Capitalization	9, 884, 544	160.0	

1 The liquidating value of the Preferred Stock is \$540,000 in excess of the stated value thereof.
2 Included in the consolidated capital surplus account is \$1,016,103 representing the excess of the book value of securities of subsidiaries at dates of acquisition over the cost to North Continent.

- 4. The Preferred Stock is entitled to receive dividends at the rate of \$7 a share per annum, such dividends being noncumulative. Each share of Preferred and Common Stock of North Continent Utilities Corporation has the right to one vote per share at all meetings of the stockholders. No dividends have been paid on either the Preferred or Common Stock since the recapitalization of the company in 1935.
- 5. The following table indicates, on a consolidated basis, the assets available for the outstanding securities of North Continent Utilities Corporation, after adjusting the property account for ascertained intangibles, appreciation and inter-company profits and adjusting North Continent's investment in the Common Stock of North Shore Gas Company to approximate market value as of May 13, 1943:

8. The operating revenues, gross income, net income, Preferred dividend requirements, and the balance for Common Stock, of North Continent, on a consolidated basis for the period 1938–1942 inclusive, were as follows:

	Operating revenues		Net income	Preferred dividend require- ments	Balance for common (deficit)
1938 1939 1940 1941 1942	\$1,633,168 1,672,109 1,751,759 1,761,954 1,888,675	309, 928 321, 229 260, 746	75, 277 92, 916 35, 492	306, 747 306, 747 306, 747	(271, 255)

9. Although the consolidated net income of North Continent and its subsidiaries for the years 1935 to 1942, inclusive, was not sufficient to cover the Preferred Stock dividend requirements in any year, the Common Stock has 79.2% of the voting power of the company.

ш

It, therefore, tentatively appearing to the Commission, on the basis of the allegations hereinbefore set forth, that the holding company system of North Continent Utilities Corporation is not confined in its operations to those of a single integrated public utility system, within the meaning of the Act, or to those of a single integrated public utility system together with such additional integrated public utility systems as meet the requirements of section 11 (b) (1) and such other businesses as can be retained under the standards of section 11 (b) (1), and that proceedings should be instituted under section 11 (b) (1) with respect to the North Continent Utilities Corporation holding company system: and

It further appearing to the Commission, on the basis of the allegations hereinbefore set forth, that proceedings should be instituted under sections 11 (b) (2), 15 (f) and 20 (a) of the Act with respect to North Continent Utilities Corporation to determine whether and what steps should be required to be taken by such company pursuant to the provisions of said sections;

Wherefore it is ordered. That proceedings be instituted pursuant to section 11 (b) (1) of the Act directed to North Continent and its subsidiary companies and that said companies be made Respondents herein.

It is further ordered, That proceedings be instituted pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Act directed to North Continent and that such company be made a Respondent

herein.

IV

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the plan filed by North Continent Utilities Corporation and subsidiary companies or said plan as subsequently amended:

It further appearing to the Commission that the proceedings instituted by it herein under sections 11 (b) (1), 11 (b) (2), 15 (f) and 20 (a) of the Act and the proceedings in respect of the plan, as amended, filed by North Continent Utilities Corporation and its subsidiaries pursuant to section 11 (e) of the Act involve common questions of law and of fact and should be consolidated.

It is further ordered, That such proceedings be, and the same hereby are, consolidated.

V

It is further ordered, That hearings on such matters, under the applicable provisions of the Act and the Rules of the Commission thereunder, be held on the 15th day of June, 1943, at 10:00 a. m. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day, the hearing-room clerk in Room 318 will advise as to the room in which such hearing will be held.

which such hearing will be held.

It is further ordered, That Willis E. Monty, or any other officer or officers designated by the Commission to preside at such hearing, shall exercise all powers granted to the Commission under Section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Prac-

tices.

It is further ordered, That North Continent Utilities Corporation and each of its subsidiary companies hereinbefore named and included herein, all of which

are hereby made Respondents in these proceedings, shall file with the Secretary of the Commission, on or before June 5, 1943, joint or several answers in the form prescribed by Rule U-25, admitting, denying, or otherwise explaining their respective positions as to each of the allegations set forth in paragraphs 1 through 9 hereof.

It is further ordered, That, without limiting the scope of the issues presented by the proceedings herein instituted by the Commission, particular attention will be directed at the hearing to the following matters and questions:

(a) Whether the allegations set forth in paragraphs numbered 1 to 9, inclusive, in this notice and order are true and accurate:

(b) Whether the utility properties of Elk River Power & Light Company, Great Falls Gas Company, Great Northern Gas Company, Ltd., Great Northern Utilities Company, Highland Utilities Company, New Mexico Public Service Company, North Shore Gas Company, Southern Arizona Public Service Company, and Southern Utilities Company, Ltd. con-stitute more than a single integrated public utility system and systems additional thereto, control of which may be retained by North Continent Utilities Corporation under section 11 (b) (1) of the Act, and if so, what action is necessary in order to comply with the requirements of section 11 (b) (1) of the Act;

(c) Whether the businesses conducted by and operations of the non-utility subsidiaries of North Continent Utilities Corporation are reasonably incidental or economically necessary or appropriate to the operations of any of the utility systems of the companies named in paragraph (b) above;

(d) Whether the continued existence of North Continent Utilities Corporation is an unnecessary corporate complexity in the holding company system of which it is a part and whether such company should be liquidated and dis-

(e) Whether an order should be entered requiring that divestment of North Continent's interest in New Mexico Public Service Company, Highland Utilities Company, Elk River Power & Light Company, Great Northern Gas Company, Limited, Great Falls Gas Company, and Southern Utilities Company, Limited, shall not be effected through the sale of securities owned by North Continent prior to the recapitalization of such companies in such manner as to provide for a fair and equitable distribution of voting power among security holders thereof;

(f) What further action may be required by North Continent Utilities Corporation and its subsidiaries to effect complete compliance with section 11 (b) of the Act;

(g) Whether the plan, as amended, filed by North Continent Utilities Corporation and its subsidiaries pursuant to section 11 (e) of the Act, is necessary to effectuate the provisions of section 11 (b) of the Act and is fair and equitable to the persons affected thereby; and

(h) Whether the plan should be amended to provide for the redemption, retirement, or satisfaction of the outstanding First Lien Collateral and Refunding Bonds of North Continent without payment of premium thereon.

(i) To what further extent, if any, the proposed plan should be modified or amended to render it feasible and fair and equitable to the persons affected and what terms and conditions should be imposed in the public interest and for the protection of investors and consumers.

It is further ordered, That any other person desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission, on or before the 12th day of June, 1943, his request or application therefor, as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That jurisdiction be and hereby is reserved to ceparate, either in whole or in part, or for disposition in whole or in part, any of the issues or questions which may arise in these proceedings and to take such other action as may appear conducive to an orderly, prompt, and economic disposi-tion of the matters involved.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order to North Continent Utilities Corporation and its various subsidiaries, and to the Public Utility Commissions of the States of Colorado, New Mexico, Montana, Wyoming, Illinois and Arizona not less than ten days prior to the date hereinbefore fixed as the date of the hearing; and that notice of the said hearing is hereby given to North Continent Utilities Corporation and its subsidiaries, to their security holders, to all consumers of North Continent and its subsidiaries, to all States, municipalities, and political subdivisions of States within which is located any of the physical assets of said companies or under the requirements of which any of said companies is incorporated, all State commissions, State securities commissions, and all agencies, authorities and instrumentalities of one or more States, municipalities, or other political subdivisions having jurisdiction over North Continent or its subsidiaries or any of the businesses, affairs or operations of any of them, that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the Fen-ERAL REGISTER not later than ten days prior to the date hereinbefore fixed as the date of hearing.

By the Commission.

OGDER CORP. AND SUBSIDIARY COMPANIES

ORDER APPROVING CERTAIN ASPECTS OF PLAN AND DIRECTING PURTHER ACTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 20th day of May, A. D. 1943.

In the matter of Ogden Corporation and subsidiary companies, File No. 54-69; Odden Corporation and subsidiary companies, respondents, File No. 59-65.

Ogden Corporation, a registered holding company, and subsidiary companies, having filed an application and amendments thereto pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for approval of a plan, the purpose of which is to effect compliance by Ogden Corporation and subsidiaries with the provisions of section 11 (b) of said Act;

The Commission having, on March 22, 1943. instituted proceedings under section 11 (b) of the Act involving Ogden Corporation and subsidiary companies to determine what action should be required to be taken by such companies under said section and having ordered a consolidation of such proceedings with the proceedings involving the plan filed by Orden Corporation and subsidiaries pursuant to section 11 (e);

A public hearing having been held after appropriate notice and the Commission having examined the record and having made and filed its opinion herein;

It is ordered, That Orden Corporation shall take such action as may be necessary to divest itself of all of its interests, held directly or indirectly, in holding and public utility companies and to cause its elimination as a public utility holding company: Provided; however, That in the cases of Central States Power & Light Corporation, Interstate Power Company, The Loclede Gas Light Company, Missouri Natural Gas Company, and Missouri Electric Power Company, such divestments shall not be effected by means of disposition of securities prior to the recapitalization of such companies to the extent necessary to comply with section 11 (b) (2); and that in the case of Central States Utilities Corporation, Ogden shall not divest itself of the outstanding

securities of such company.

It is further ordered, That Central States Power & Light Corporation, Interstate Power Company and The Laclede. Gas Light Company shall take such steps as may be necessary to recapitalize so as to distribute voting power fairly and equitably among the security holders of such companies: Provided, That in the case of Central States Power & Light Corporation, such recapitalization need not he effected if the company is liquidated and discolved within the statuory period provided by section 11 (c).

It is further ordered, That Ogden Corporation and Central States Utilities Corporation shall take such action as may be necessary to cause the liquidation and dissolution of Central States Utilities

Corporation.

It is further ordered, That the plan filed by Ogden Corporation and subsidiaries pursuant to section 11 (e) (File No. 54-69) be and hereby is approved in so far as such plan provides for:

(1) The divestment by Ogden of interests held by it directly or indirectly, in all of its subsidiary companies which are registered holding companies or public utility companies: Provided, however, That in the case of The Laclede Gas Light Company, Interstate Power Company, Missouri Natural Gas Company, Central States Utilities Corporation, Central States Power & Light Corporation, and Missouri Electric Power Company such divestment shall not be effected by means of the sale of securities prior to the recapitalization of such companies to the extent necessary to comply with section 11 (b) (2) of the Act;

(2) The recapitalization of Interstate Power Company and The Laclede Gas Light Company in such manner as to comply with the provisions of section 11 (b) (2) of the Act; the recapitalization of The Laclede Gas Light Company to include a substantial reduction of its debt, the elimination of preferred stock arrears, and the conversion of its outstanding preferred and common stocks

into a single class of stock;

(3) The liquidation and dissolution of Central States Utilities Corporation, Central States Power & Light Corporation, and Mis-

souri Electric Power Company;

(4) The pro rata distribution to Ogden's common stockholders of the proceeds of sale of its investiments in holding company and public utility subsidiaries and of the new securities received by Ogden upon recapitalization of certain utility subsidiares (or the proceeds from the sale thereof);

(5) The consummaton of the plan within

(5) The consummaton of the plan within the statutory period provided for in section 11 (c) and the terms of the plan relating to the enforcement and carrying out of its provisions, pursuant to section 11 (e).

It is further ordered, That jurisdiction be and hereby is reserved with respect to all other steps proposed in the and all steps needed to execute and carry out the plan, including the proposed sale of the electric properties operated by Laclede Power & Light Company to Union Electric Company of Missouri, the disposition of the Bemidji-Crookston Division of Interstate Power Company and the properties of Interstate Power Company of North Dakota, the treatment to be accorded the security holders of the companies proposed to be recapitalized or liquidated, as well as the question of which of the properties owned or controlled by Interstate Power Company, Central States Power & Light Corporation, and Derby Gas & Electric Corporation are retainable by such companies under Section 11 (b) (1) of the Act.

It is further ordered, That Ogden Corporation and its subsidiaries shall proceed with due diligence to take such steps as may be necessary or appropriate to effectuate this order, including the consummation of plans by Ogden Corporation, Central States Utilities Corporation, Central States Utilities Corporation, Central States Power & Light Corporation, Interstate Power Company, and The Laclede Gas Light Company to effect compliance with the foregoing order:

It is further ordered, That jurisdiction be, and the same hereby is, reserved to determine questions of possible subordination of securities of Central States Power & Light Corporation, Interstate Power Company, and Laclede Power & Light Company, owned by Ogden Corporation to the claims of the publicly-held securities of the said subsidiaries of

Ogden Corporation;

It is further ordered, That jurisdiction be, and the same hereby is, reserved for the purpose of considering any and all plans for compliance with the action hereinbefore ordered and approved, for the purpose of entertaining such further proceedings and entering such further orders as may be necessary or appropriate to insure that the action hereinbefore ordered and approved is accomplished in a manner consistent with the public interest and with the provisions of the Public Utility Holding Company Act of 1935, and for the purpose of considering such further action as may be found to be appropriate in the premises in connection with the disposition of securities or assets and the recapitalization of companies as required by our order herein and as proposed by applicants' plan pursuant to section 11 (c) of the Act.

By the Commission.

EASTERN MINNESOTA POWER CORP. AND WISCONSIN HYDRO ELECTRIC CORP.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 20th day of May 1943.

In the matter of Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company, File No. 54-48; and Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company, respondents, File No. 59-70.

Notice of filing and order for hearing on plan filed pursuant to section 11 (e); order instituting proceedings pursuant to sections 11 (b) (2), 15 (f) and 20 (a); notice of and order for hearing on said proceedings, and order consolidating hearings.

Ι

Notice is hereby given that on March 31, 1942 Eastern Minnesota Power Corporation, a registered holding company, and its subsidiary Wisconsin Hydro Electric Company filed a joint plan pursuant to Section 11 (e) of the Public Utility Holding Company Act of 1935 for the purpose of enabling said companies to comply with section 11 (b) of said Act; and that on May 1, 1943 said companies filed an amendment to said plan which amendment is in effect a substitute for the plan filed on March 31, 1942 and will be hereinafter referred to as the "amended plan." All interested persons are referred to said amended plan which is on file at the office of this Commission for a statement of the transactions proposed therein which may be summarized as follows:

1. The corporate relationship of the two companies will be reversed: Eastern Minnesota Power Corporation (hereinafter sometimes referred to as the Minnesota Company) will become a whollyowned subsidiary of Wisconsin Hydro Electric Company (hereinafter sometimes referred to as the Wisconsin Company).

2. Manufacturers Trust Company, a presently exempt holding company and the owner of all of the common stock of the Minnesota Company, will surrender all of such stock to the Minnesota Com-

pany without consideration.

3. The Minnesota Company will issue to the Wisconsin Company its Twenty-Year 6% Notes in the principal amount of \$750,000.

4. The Minnesota Company will (1) re-issue all of its common stock to the Wisconsin Company, and (2) will deliver all of the common stock of the Wisconsin Company to the Wisconsin Company.

Company to the Wisconsin Company.
5. The Wisconsin Company will issue the following new securities:

Twenty-Year First Mortgage 31/2 % Bonds in the principal amount of \$2,500,000

Six Year 3% Serial Notes in the principal amount of \$477,000

179,530 shares of new common stock having a par or stated value of \$8.00 per share or an aggregate par or stated value of \$1,436,240

6. The proceeds from the sale of the new debt securities, of the Wisconsin company, together with other cash, and the new common stock of the Wisconsin Company will be delivered to the holders of the bonds and preferred stock of the two companies in exchange for the surrender for cancellation of said bonds and preferred stock as follows:

(a) \$1,010 in cash for each \$1,000 First Mortgage 5% Gold Bond of the Wiscon-

sin Company,

(b) \$666.66 in cash and 34% shares of the said new common stock for each \$1,000 First Mortgage 5½% Gold Band of the Minnesota Company,

(c) 10 shares of the said new common stock for each share of the preferred stock, and all accumulated and unpaid arrearages thereon, of the Wisconsin Company,

(d) 8/10th of a share of the said new common stock for each share of the preferred stock, and all accumulated and unpaid arrearages thereon, of the Min-

nesota Company.

If this Commission should approve the proposed plan of recapitalization, the Minnesota Company and the Wisconsin Company may request the Commission to apply to a United States District Court pursuant to Section 11 (e) and 18 (f) of the Act to enforce and carry out the terms and provisions of the plan. Submission of the plan to the security holders of the Minnesota Company and the Wisconsin Company for their approval or rejection is not contemplated.

II

The Commission, pursuant to sections 11 (a), 18 (a) and 18 (b) of the Act, having examined the corporate structure of Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company, the relationship between the companics, and the character of their interests and

properties, to determine the extent to which the corporate structure of such companies may be simplified, unnecessary complexities therein eliminated, and voting power fairly and equitably distributed among their security holders; and said examination having disclosed date establishing or tending to establish the following:

1. The Minnesota Company, a corporation organized under the laws of Minnesota, is both a registered holding company and a public-utility company. The Wisconsin Company is its only subsidiary and its investment in that company is represented by the ownership of all, namely 10,552 shares, of no par value common stock. The public-utility operations of the Minnesota Company, which are exclusively those of an electric utility company, are carried on in central-eastern Minnesota where it serves electrical energy to about 5,400 customers.

2. The Wisconsin Company, a corporation organized under the laws of the State of Wisconsin, is both an electric and gas utility company. It furnishes electric service to about 7,500 customers and gas service to above 2,700 customers located in central-western Wisconsin.

 3. The electrical generating facilities of the Minnesota Company consist of a steam plant and a diesel plant, whereas those of the Wisconsin Company consist principally of hydro-electric plants. Both companies purchase some power from non-affiliates. An inter-connection between the electrical properties of the two companies enables the Minnesota Company to sell power to the Wisconsin Company during low water periods and permits the Minnesota Company to obtain dump power from the Wisconsin Company during high water periods. The companies assert that each of them is benefited by this interchange of power.

4. The Minnesota Company and the Wisconsin Company have common officers and several common employees. The companies represent that this arrangement results in operating economies for each of them and that their respective operating expenses would be increased if they were under separate management.

5. As of December 31, 1942 the capitalization and surplus (deficit) of the Minnesota Company, adjusted to reflect dividend arrearages on its preferred stock, was as follows:

	Amount	Percent
Lợng term debt	\$1, 500, 000	52,8
Preferred stock	1,000,000	35.2
Dividends accumulated and un-	590, 000	20.8
Total preferred stock and arrearages.	1, 590, 000	55.0
Common stock and surplus: Common stock Deficit (includes \$50,000 of sur-	2, 302, 393	81,8
plus donated by former parent company)	(2, 560, 033)	(99.1)
Net common stock equity	(250, 634)	(8.8)
Total capitalization and sur- plus deficit)	2, 833, 355	100.0

^() Denotes red figures.

6. No dividends have been paid on the preferred stock of the Minnesota Company since March 1, 1933. As of December 31, 1942 the accumulated and unpaid dividends on such preferred stock amounted to \$59 per share or an aggregate of \$590,000.

7. Manufacturers Trust Company owns all of the common stock and 6,621 shares of the preferred stock of the Minnesota Company. The remainder of the preferred stock and all of the bonds of the Minnesota Company are publicly held.

8. Unless and until the preferred stock dividends of the Minnesota Company are in arrears for 8 quarterly periods, the entire voting power is vested in the common stock, each share of which is entitled to one vote. As a result of dividend arreas, the preferred stock now has 22.22% of the voting power.

9. The preferred stock of the Minnesota Company has a preference as to dividends over the common stock and in the event of a voluntary liquidation has a preference over the common stock to the extent of \$105 per share and all accumulated and unpaid dividends; in the event of involuntary liquidation it has such a preference to the extent of \$100 per share and all accumulated and unpaid dividends.

10. A condensed corporate balance sheet of the Minnesota Company as of December 31, 1942 is as follows:

It being the duty of the Commission pursuant to section 11 (b) (2) of the Act, to require by order, after notice and opportunity for hearing, that each registered holding company and each subsidiary company thereof take such steps as the Commission shall find necessary to ensure that the corporate structure or continued existence of any company in a holding-company system does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of such holding company system: and

It being appropriate in the public interest and in the interests of investors and consumers to institute proceedings against the Minnesota Company and the Wisconsin Company under sections 15 (f) and 20 (a) of the Act directed toward a determination of whether appropriate orders should be entered pursuant to said sections; and

 The Commission being required by the provisions of section 11 (e) of the Act to find, after notice and opportunity for hearing and before approving any plan filed thereunder, that such plan, as submitted or as modified, is necessary to

effectuate the provisions of section 11 (b), and is fair and equitable to the persons affected thereby; and

It being appropriate that notice be given and a hearing held for the purpose of determining what action should be ordered under sections 11 (b) (2), 15 (f) and 20 (a) and for the purpose of ascertaining what action should be taken on the amended plan; and the common issues of fact and law arising in connection with the amended plan and in connection with proceedings pursuant to sections 11 (b) (2), 15 (f) and 20 (a) making it appropriate that the hearing on said matters be consolidated: It is hereby ordered:

(a). That a hearing be held on the amended plan filed by Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company pursuant to section

11 (e) of the Act;

(b) That proceedings be instituted against Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Act and that a hearing be held on the proceedings so instituted;

(c) That Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company may file an answer with the Secretary of the Commission on or before June 16, 1943 to the allegations. contained in paragraphs No. 1 to 22, inclusive, of section II herein, in the form prescribed by Rule U-25 of the Rules and Regulations under the Act; any of such allegations which are not denied or otherwise controverted shall be deemed to be admitted for the purpose of these proceedings;

(d) That the hearing on said plan and on the proceedings instituted pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Act be consolidated, subject to a reservation of jurisdiction to separate the matters so consolidated either for hearing or for disposition, in whole or

in part:

It is further ordered, That the consolidated hearing on the amended plan and on the proceedings instituted pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Act be held on the 21st day of June, 1943, at 10:00 o'clock a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on such date by the hearing room clerk in Room 318.

It is further ordered, That Richard Townsend on any other officer or officers. of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of said Act; and

It is further ordered, That the Secretary of the Commission shall serve notice of such hearing by mailing a copy of this order by registered mail to the Eastern Minnesota Power Corporation, Wisconsin Hydro Electric Company and the Public Service Commission of Wisconsin and that notice of said hearing be given to all other interested persons by a general release of the Commission and by publication of this order in the FEDERAL REGISTER.

It is further ordered, That Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company mail a copy of this notice and order together with a copy of the amended plan to each of its security holders at his last-known address at least twenty days prior to the 21st day of June, 1943.

It is further ordered, That any person desiring to be heard in connection with these proceedings shall file with the Secretary of the Commission on or before the 16th day of June, 1943, a written statement relative thereto; any person proposing to intervene shall file with the Secretary of the Commission on or before such date his application therefor, as provided by Rule XVII of the Commission's Rules of Practice:

It is further ordered, That without limiting the scope of the issues presented by the amended plan or by the proceedings herein instituted, that evidence having particular bearing on the following matters will be adduced at the hearing:

1. Whether the amended plan filed pursuant to section 11 (e) of the Act is necessary to effectuate the provisions of section 11 (b) and is fair and equitable to the persons affected thereby;

2. Whether the allegations contained in paragraphs numbered 1 to 22, inclusive, of section II hereof are true and correct;

3. Whether voting power is fairly and equitably distributed among the security holders of the Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company and, if not, what action should be required with respect thereto:

4. Whether the security structures of Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company are reasonably adapted to their respec-

tive earning power; 5. What further action may be required by Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company to effect complete compliance with section 11 (b) of the Act;

6. What orders, if any, should be entered pursuant to sections 15 (f) and 20 (a) of the Act, to require Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company to take such steps as the Commission may find necessary to reflect properly the amounts in its various accounts;

7. Whether the fees and expenses to be paid in connection with the consummation of the amended plan and all transactions incident thereto are for necessary services and are reasonable in amount.

8. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the Act and the Rules thereunder, and, if not, what modifications should be required to be made therein and what terms and conditions should be imposed to satisfy the statutory standards.

It is further ordered. That jurisdiction be and is hereby reserved to ceparate, either for hearing, in whole or in part, or for disposition in whole or in part, any of the issues or questions that may arise in these proceedings, and to take such other action as may appear conducive to an orderly, prompt, and eco-nomic disposition of the matters in-

By the Commission.
